

## PROPHECIES FOR 2013

### 2013 PROPHECIES:

The following is a verbatim script of an initial release of 2013 prophecies. The script is deliberately verbatim because as you read and pray through, the LORD may have a word or phrase which is seemingly unimportant to others, but will trigger something for you for the coming season.

This is a continuation of the prophetic words that have been released over the past couple of months and appeared in various previous guides. There shall continue to be further prophecies as the LORD gives grace to His vessels.

### POSSESSING THE GATES OF 2013 CROSS OVER PROPHETIC SERMON FROM 6PM 31:12:12

#### ABU BAKO was the vessel used by GOD to deliver these prophecies

I want you to reach out to Him right now because this is the hour, this is the moment. I want you to exalt the LORD your God and worship at His footstool. As you do that right now you are breaking into another realm. God made it very clear that it is another dimension all together. So I want you to know at this particular point in time we are pressing in there. I want everyone to press in.

Before we take this, a lot of yokes have been broken. Curses have been reversed, revoked and broken. Some cursed have gone back to where they came from. Curses have been revoked and curses have been broken permanently.

There are certain childhood diseases people have been carrying. One of you is 75years old and God has released you today. Others are 60, one is 55, one person is 43, God has released you. Even if God did not show me your case and your age but God is saying childhood diseases some are older than age stated and others younger. If you receive a witness in your spirit receive that healing also.

I want you to understand what God is up to do today is beyond what you might have experienced before. That is why before I said before we go to scripture as we shall proclaim Psalm 150 - I will try to share a little bit from there and touch a bit on Deuteronomy 28 and if I don't talk about them write them down. Then you can also add Isaiah 60, Isaiah 22 and Isaiah 9 I. I will try to touch a bit but let us see how God helps us.

But for the proclamation we are taking Psalm 150 before we settle down and take the message.

I thought I should let you know that certain childhood diseases that have followed some people, they have tried to get rid of that and prayer did not work. Medical attention did not help in any shape or form but God has removed those things.

There are all kinds of challenges with organs and systems that God has also resolved.

Proclamation of Psalm 150.

Praise ye the LORD. Praise God in his sanctuary: praise him in the firmament of his power.

2Praise him for his mighty acts: praise him according to his excellent greatness.

3 Praise him with the sound of the trumpet: praise him with the psaltery and harp.

4 Praise him with the timbrel and dance: praise him with stringed instruments and organs.

5 Praise him upon the loud cymbals: praise him upon the high sounding cymbals.

6 Let every thing that hath breath praise the LORD. Praise ye the LORD.

#### PRAYER:

Even so LORD because you are Yahweh, Jehovah the covenant keeping God the keeper of mankind and everything else redeemable. We give you praise this evening. You are the LORD the Creator of the ends of the earth.

You are responsible for everything that exists. The Progenitor of All things. The Ruler and head of all creation. We give you praise tonight.

We praise You from within even Your sanctuary. We present our bodies as living sacrifices. We present this particular meet as your tabernacle so You can tabernacle with Your people and express Yourself freely and fully to your glory.

We present every part of the firmament to you because it is the firmament of Your power. From there we call forth praise to You. We thank You because You are the one Who has faithfully shown Your mighty acts.

We are grateful to you because you are worthy to be praised beyond words. We must praise you according to Your excellent greatness. LORD no Instrument is good enough, adequate enough to help us praise You well enough.

The trumpets the jubilee proclamations, the glorious announcement by men, by angels, by other creatures, the Living creatures the 24 elders would not be adequate enough to praise You. But we thank You for the privilege of being called upon to praise You. That is why the timbrel, the dance, every movement of man as crown of creation that would even make better music than the music Lucifer used to make by the tabrets that were built into him.

Because You said you made us Your Tehillah, your hymn of praise. Let that hymn arise to you from our lives. LORD there is no amount of praise using any instrument including the string instruments the organs, the psaltery the harp, loud cymbals, high sounding cymbals that would be adequate enough to really meet the level of your operation but for your mercy.

So we say let everything that has breath praise You. As a sign that we have breath we give You praise.

Thank you for 2013. Thank You that we possessed the gate to Your glory. That is why we started the year in Psalm 150 because we concluded it in praise, worship and joy. In the name of the One Who is the greatest praise to you. Whose life is a praise to You and Who is the evidence of praise in our lives. Because the fruit of lips that confess His name is praise. Even Jesus Christ our LORD. And people said Amen.

#### MESSAGE

This evening, I would want you to follow as closely and as fast as you can because of the things we will be handling. I said to you, given some of things God said definitely you would need to make sure you are very attentive and you are following closely enough and ensure you are properly positioned with God.

**Let me say up front it's a year that is different from any other year you experienced. It's a year that will be of rebirth and renewal. So it is like you are being given a fresh beginning, a fresh start.**

Not because other years are not that important. They have been that important but **God is taking you to the last bit. The next three and a half years at most will actually be the period where you are now pressing into a place where you will burst forth into the place of greater relevance and literally determining what happens on the earth.**

I don't want to jump ahead of myself but I want to say that before we go on with the rest of the scriptures.

We shall take a look briefly at Psalm 150. I know the way it is. I tried to write what I could write in terms of summary, just points.

**This is an interesting season and we entered into it on 9<sup>th</sup> September 2012.** This is God's calendar. God's calendar is greater than any on earth. He works with calendars and can make calendars work for Him.

The calendars worked for some people who were ready.

Psalm 150. **This is the year every-one of us must know the LORD for himself or herself.** Know Him as the LORD. The word LORD is from the Hebrew word Yahweh or Jehovah. It is His redemptive personality. He is a redeemer. He redeems not only individuals but nations, families and family of nations and cities. I see Him doing that in this particular year.

We have just entered into the year 2013 according to the scripture. If you go to any place and operate anything whether a pen or stick or piece of equipment, maybe an ipad, iphone, tablet, Samsung galaxy, whether Microsoft based system or Apple based system - you need to go according to the manufacturer's manual and instructions.

When it comes to the day you need to know how the manufacturer of days made days to function. In the book of Genesis the Bible says .... And evening and morning.... That is how the day functions. It starts at the evening at around 6pm (Gen 1:5, 8.13, 19,23, 31).

If you really want to operate days according to God's pattern then you need to go from evening to morning. By biblical divine reckoning of days we are not talking of Jewish time but God's time. The LORD's reckoning of the day starts with evening then morning then next evening is a new day already.

That is why at 6pm we enter the new day. So if you are waiting for midnight you are already in the first quarter of the day. In the realm of the spirit, both on negative and positive side, spirits start working at 6 pm.

According to Psalm 59 even witches go around cities at evening before it is dark. They go around the city doing prophetic action so that you will be asleep at midnight. Those who are praying at midnight you are late. You must seal the gate to the day so they do not enter the day. So that is why I am saying we have entered another day at 6 pm. It is not occultic. The one who manufactured the day said how the day should be reckoned from evening to morning and by the time it gets to next evening it's a new day.

So if you want to possess everything during the day you work during the night so you execute what you finished at night during the day. So in politics people handle politics during the night. Most bills are passed during the night then they come during the day to execute what was accomplished in the night.

We have entered this new day with the covenant keeping God, Yahweh, the Redeemer, the LORD. The man of war. The warfare name of God - the might of God, the power of God, the glory of God, the

presence of God, all in the LORD. It was the LORD who carried them in His presence. So He ended up with the pillar of cloud by day and fire by night.

The presence of God never left them because he is the LORD. He said I had not introduced Myself by My name Yahweh to Abraham and Isaac. I introduced Myself to them as El Shaddai, the All sufficient one, the Breasted one... And that is where most of the christendom and believers have stayed.

We stay to look for the one who is the healer and delivered. We are talking of healing. He is a deliverer. He not only delivers you and lets you alone. He buys you out of the market system. He brings you out to another place of operation where you become the one people are afraid of

When he comes as the LORD, He comes as a mighty man of war Exodus 15:3. The LORD is the Man of War. Ask David who never lost one battle. When David was speaking in Psalm 24 He said the earth is the LORDs....

Psalm 24...

For the last 2-3 months it has been this scripture in Psalm 150 that I have been chewing on. When we talk of Yahweh we talk of divine ownership, authority, dominion, glory, kingship, ownership of authority and authorities of authorities.

Already in Psalm 24 I got to verse 7. He said the earth and the fullness of it is the LORD's -Yahweh. When I said Yahweh everything in the earth has been called upon.

He did not say the LORD and the people therein but the fullness. Everything on the earth including things hidden beneath the soil- the moment I say, LORD, automatically it means all mineral resources. I am trying to share a bit first then I will share the Word. He said a word after 2013, then 2015, 2018 then after 2020. When you understand this LORD it is a different dimension of operation.

What no eye has seen nor ear heard, and what entered in the heart of man... is what God has prepared. Watch and see between 2015 and 2018. Things will come out of Africa. That it will be evident, no man has seen this type. Things we call miracles are at level that people have seen before and heard before. They conceived those things in their heart before.... The earth is the LORD and worlds and dwell therein. You belong to the LORD. If I meet a president he belongs to the LORD I serve. I meet a business owner he belongs to the LORD I am serving. I meet someone who does not like me they belong to the LORD I am serving.

You do not know the LORD.

That is why the psalmist said let everything that has breath praise the LORD. If you know the LORD.

In verse 7 He says lift up your heads o ye gates... even doors that are everlasting they know him because he is the Father of eternity. So everlasting depends on him.

All these funny gods and goddesses that the Greeks and Romans and all other nations decided to bring in to try to rule your days and you listen. Like the one who opens the doors at midnight – Janus. You are waiting for him to open the doors for you. That is the one after whom they named the month January. So you are waiting to 12 midnight because of the Gregorian calendar that came from them – Greco-Roman empire. March was first month of the year. That is why God has not left Himself without a witness. We look at the months of the year April is 4<sup>th</sup>, September is 7<sup>th</sup>, October is 8<sup>th</sup>, November is 9<sup>th</sup> and December is 10<sup>th</sup>.

When they realized they were no more ruling all nations by conquest and war they named the first month after the god of doorways and named it after Janus - January. You are waiting for him to open

the gates for you at midnight. I will not wait. Yahweh opens everything and He is the Father of eternity. Even everlasting doors, they know and recognize Him.

Even everlasting doors, ancient covenants, ancient means there was a beginning. This one is everlasting. Even everlasting doors give room.

Why? The king of glory is coming. The LORD strong and Mighty. The LORD mighty in battle.

As if that was not enough if you had not heard the first time, Psalm 62:10-11 once has the LORD spoken twice have I heard that all power belongs to the LORD.

Psalm 24. Lift up your heads... whatever is in your life that gates have held back - today is the beginning of giving way. It does not matter if they were everlasting doors - those identified as such - it does not matter how ancient they are God is about to cause them to be lifted up. He ensures that those gates give way. When they recognize him that is the end.

**This is the year of settlement of ancient controversies. They will be settled.**

When you say LORD you are calling on the armed forces of the universe. He is the one in charge - the LORD of hosts. He is the king of glory.

Psalm 150: Praise the LORD! - Why should we praise Him? For his mighty acts, according to his excellent greatness. Can anyone do according to His excellent greatness? It is according to the personal revelation. So stop copying people. It is good to sing songs that have been revealed to others but if it does not become your personal revelation don't sing it. We mimic people and repeat them. We are like parrots. It is time to express God from the innermost being.

Let it be original revelation that is coming forth and that will be life. As you praise Him in His sanctuary and in the firmament of His power and according to the excellent greatness then you can look for other things to help you.

Stop looking for instruments to determine your worship. If there is no organ or keyboard then that day the worship is weak. You don't understand it is from inside that instrument and melody should be. It is from the inside that it is welling up and then you will release so much that God will actually want to dance.

Zeph 3:17 says He will rejoice over you with dancing. Some versions say just singing but others say dancing and singing.

Imagine that your life becomes so pleasing to God that He sings over you. That is how far God wants you to get to.

So all instruments were mentioned. From praising Him with the sound of trumpet which has to do with jubilee. When you are praising the LORD, you are releasing jubilee trumpets over your life, your land, over the nations you are going to. You are actually going into God who is pushing you into sonship.

It means that anywhere you appear you destroy the works of the enemy. For this cause/purpose was the Son of God made manifest. That he may destroy the works of the devil. So what is the qualification? We must be Sons of God.

So he says now you understand you can use various instruments - string instruments, whether psaltery and harp, loud cymbals which shall have their own significance, including beating the enemy. Then he said let everything that has breath praise the LORD.

September or October I was sharing on, let everything that has breath..... You notice that actually each time you praise God whether by your action or by your voice it is proof that you have breath.

Each time you praise the LORD, it is proof that you confess the name of Jesus - Heb 13:15.

Each time you praise the LORD is proof that you are still alive.

I went to Nigeria and I heard someone saying something similar. You could be very sick as long as you are not dead they will not bury you. As long as you have breath you are not only a candidate of praise but you are supposed to be inspiring praise.

That means you have come to the level where you are an inspiration for people to praise God. He said if you are a son matt 5:4. You shall not be hidden, covered over or sat on because people cannot sit on fire.

If your candle is still under a bushel and is sat upon then it is not lit. If it is lit it must be put on top or it will burn everything.

So let your light so shine before men that they behold your good work. So you are to be an inspiration not for regular praise but for the type of praise that takes into cognizance the weight, worth, heaviness, ability and capacity of God. The Kabod, the doxa – all that God is, all that God has, all that God will ever be. They will begin to give him His worth when they see your works.

What is the inspiration when you are suffering and you are saying- because of the LORD ? When we are suffering we say we are living by faith. You say that people using demonic power are oppressing you. Are you giving God glory?

**It was about sonship. This is the year when we have entered another realm of sonship at certain levels.**

2013 is the year of rebirth and renewal and the key word is SONSHIP.

GOD IS taking over governance in many nations. Between 2018 and 2020 – 120 nations will be called disciple nations because it was the 120 in the upper room that released the outpouring of the Holy Spirit on all flesh.

From 2008-2015 that we had the kick starting of the end-time revival. This was for the purpose of growing sons to a place where they would wake up. From now to 2015 it is the time of Sonship in expression. Each time it is a new phase. In 2112 it will be a different story all together.

This is the year of the true expression of Deuteronomy 28:10-12 concerning individuals, families and the continent of Africa in particular.

If you only press in to know the Lord then people who were intimidators will be afraid of you. People are going to be afraid of the continent. Even agriculturally we are not only going to be the breadbasket but we will be the point of reference for technology. 60% of the arable land is on the continent of Africa.

Isaiah 60 & 22 – this is the season of the reality of these chapters.

This year is the year of the true expression of Deut. 28:10-12. I heard that clearly concerning individuals, our families and the continent of Africa.

**If you only press in to know the LORD the way He said being the year of knowing the LORD for yourself then people who were intimidators will be intimidated by your presence. They will be afraid of you literally.**

**The LORD will make you plenteous in goods. It includes the African continent. It means people will be afraid of the continent. You will be plenteous in the fruit your body, cattle, ground.**

Even agriculturally we are not only going to be the bread basket or also but the point of reference for certain kinds of technologies.

Earlier this morning from about 2am God began to share things concerning agriculture that I cannot share yet. Then some people came to see me later and said you know I was talking about 60% of arable land of the world is on the African continent. That Africa should be the breadbasket of the whole world as against being the begging bowl of the world.

I said Thank you LORD you are reaffirming..

**Isaiah 60 and 22; these will be the season of expression of reality of these scriptures. So if I were you I would want to study these passages especially Isa 22:20-25.**

**On the issue of sonship - study from Isaiah 9:6-7 – study, meditate upon and get it inside out.**

**It is the time of entering into our inheritance as sons and the beginning of possessing our possessions.**

**When it came to the aspect of entering inheritance, He spoke especially about the disenfranchised. So it means that any group in any nation that has been disenfranchised, this is the season as a son if you go and help them and proclaim you will help them to enter into their season.**

One of the first partakers will be God's own daughters. Remember the daughters of Zelophehad were disenfranchised because of their gender. They were told sorry women cannot inherit from their father and there was no brother so everything would have been transferred to others. They went to Moses and he sought the LORD on their behalf. From that day women can now inherit.

This will be the beginning of a 3 year period when women will set patterns, men will begin to set patterns so disenfranchised groups will begin to enter into their inheritance. But sons will go and take inheritance and distribute.

Jesus did not need to be saved, redeemed or delivered so He came to take you into what he was already enjoying. As a son you will take people into what you are already in. That is why he came to bring many sons to glory (Heb 2:8-10..

**He said there will be mind boggling exposures, disclosures and discoveries. So if you hear of all kind of discoveries that is mind boggling do not be surprised**

**He said this is the year of the beginning of excellence in expressions of the LORD BY us.** That means that from now we enter other levels of excellence in expression of God as the LORD.

Let me leave 2013 as a year for now... let me go sector by sector, sphere by sphere, domain by domain.

#### **Family**

**FAMILY – This is a season of 3 ½ years – this is the season of Malachi 4:2-4**

God says this is the time when healing will come to families – in terms of restoration of relationship – some will come back even after divorce – there will be restoration . Parents will be reconciled to their children – mothers and fathers to sons and daughters. Something is about to break in the nations. There will be national restoration of nations. Ephesians 6 – the reality will come to play – true honor will be coming to families even between siblings.

Mal 4:2 God said this is the **particular time when healing will come to families. Healing in terms of reconciliation, reconstruction, re-birthing, husband and wife estranged even for 10 years will be restored to true fellowship. Estranged is not necessarily divorced. There are some who will come back who were divorced but there are those who live together but are housemates... He will restore. ... there is healing coming**

He said parents will be reconciled to their children. Father to son and daughter mother to son and daughter and vice versa.

Something is about to break in the nation because sons are about to rise for they shall be ashes under the sole of your feet. Do ashes hurt anybody?

If it were stones you might feel the prick but may the LORD give you understanding...

**Even nationally he will bring national reconciliation of families of nations to one another. There are certain regions of Africa that did not want to hear about other regions they will begin to reconcile in the next 3.5 years.**

Ephesians 6. Reality of that will come to that. True honor is coming back in families not only between children and parents but siblings. There are people who do not see any glory in you but they will begin to recognize the glory of God over your life

### **Belief systems**

This the season of coming into maturity as sons. There will be dissatisfaction with status quo. That type of operation in religion of make belief. Watch and see literally en-masse people will leave places because they are dissatisfied. They are tired of dissatisfaction.

Pretenders and quacks will be exposed. The difference between sons, children and babies will be very stark. He will allow for things to come up. If you were pretending to be a son when you are not, it will be evident. You had better quickly go and repent and say God help you. Otherwise, it will blow up in your face. Then everyone will know that you were a baby.

The faithful but unknown will be promoted and catapulted into prominence. Now the spirit is telling me, he is saying “though unknown” because there may be some who are known but not known at the level they should be known.

### **Government, Governance and Leadership**

There shall be God given patterns for government and governance. Excellence will be embraced. However, those men who will not embrace excellence will so fail that there will be dissatisfaction everywhere around them. So don't be surprised when certain leaders of certain nations will end up with unnecessary challenges because they do not embrace the excellence of the LORD. If you are in government take a message like this and adhere strictly to it. If it is the LORD you cannot do anything about it. The earlier you embrace it the better.

**It is time to operate in true divine direction. In fact, only reliance on the supernatural will work in this season. It will be true on both sides.**

## **Economy**

If there has ever been a season of economic advancement for the sons of God this is one. It would be more rapid than you would be able to fathom and comprehend.

One area that would be very strong is agricultural productivity. Agricultural productivity will reach praise-inspiring levels and proportions in some African and Asian nations and two Middle Eastern nations. I am tempted to think one of them will be Israel.

African economies have entered the season of resurrection and reconstruction. So, if you are related to economic planning policy, begin to ask God for systemic healing. I heard that clearly. Ask for systemic healing, reconstruction, reconstitution and reconfiguration.

This will be the season of many economic surprises for true Sons of God.

## **Education**

True education is going to begin to replace mere literacy and numeracy.

There will be new forms of education springing up all over the place especially among people especially, sons of God who will embrace ancient foundations.

Such groups will emerge from the Ecclesia.

There will be those who will go back to the ancient foundations God gave their ancestors and He will show them the redemptive purpose for that kind of education. This is why UNESCO has been establishing World Heritage Sites – looking for all the ancient places .

## **Science and technology**

There will be new discoveries in neurosciences. What God is talking about is all the neurosciences. All the branches. Not just neurology there will be new discoveries.

Something he said was that ortho- molecular medicine will become frontline between now and 2016. It will require people waiting upon him. Those who were leading things in that realm up until now did not have accuracy in hearing Him. Ortho from orthodox – the original way molecules were to be treated by going thru nutrition so it is not just orthomolecular association. Nutritionists will become more prominent. Let me give you free advice. If you are a medical doctor this the time to learn nutrition. Most medical practitioners will not be popular unless they have nutritional expertise. I did not say it. The earlier you take counsel the better.

Africa will lead the way in introducing new technologies to the world in areas of science and technology up till 2018-2020 when others will embrace enough to begin to run.

By 2022 there will be another level of explosion of technology.

God is going to give new agricultural technology to many nations of the world but beginning with African nations. Even here literally there are at least 12 people who will come with new technologies.

There will be 18 year olds between 2018 and 2020 who will lead in many aspects in Africa. Stop operating as you have been. Your mind set is so bad you have a neo-colonialist mind set. You are waiting for a white man to come and tell you. There is no white man, yellow man, red man... the blood is the same Acts 17:26.

God is bringing technology out that will beat the New World Order at their game and the New Age at their games. Even in the area of Genetically Modified Organisms, He has already released at least 3

technologies to handle them. You need to harness them. There are technologies that are running on God's website if you download them even degenerative diseases will be reversed and it will just be by eating a combination of three different fruits.

In the area of construction God will give us such technologies that will make construction very easy and relevant to every environment and that will give us an edge over the rest of the world. So if you are in construction and real estate you better go to God and download.

### **Media**

Truthful and responsible media is about to take centre stage provided God's Sons arise.

And when the Sons of God arise the landscape will wait for them to arise and cooperate with them against the others.

If you are in media it is time for you to embrace truthful and responsible media.

### **Arts, Sports and Culture**

A new level of health oriented sports will be embraced. I do not fully understand but I say it as I was told. Africa and Africans in diaspora will become more and more prominent and lead the way in many areas in respect of sports.

In the area of arts, there will be responsible arts that will begin to disciple the nations. That means creative arts, depictive arts, whether music... even in fashion industry God will raise people in the next 3-5 years who will take over the fashion industry that will be responsible in God's perspective.

Every one of you stop being church rats. From now on, I am very serious, all this thing of you wanting to compose religious songs, this is the end. Start composing kingdom songs that will disciple nations so anyone listening to you will automatically be disciplined.

A time has come when a sound will come from heaven that will sound through you that will give universal appeal and universal significance. Not global appeal but universal appeal and universal significance. It means trees will listen to what you are saying. The heavens will hear.

Every part of creation will be attracted to that sounds. Let it be that tree said that song blessed us. If you are listening via internet and you think I have gone off, I have no gone off I have not. Isaiah 55:12... the trees will clap their hands... when you appear trees clap because of your voice you are bringing Rom 8:19-21 in the New Testament. We will cause all creation to join in the sound. Blessed are the people who know the joyful sound.

It means from now on stop designing things and saying this is African, this is European... etc. There are some of you, about three of you, but you have been designing for Africans, for European. Ask God what is of universal appeal?

There was a president in one of the nations of West Africa who had an interesting testimony. There was a sister who I prayed with in 1992 or 1993. I prayed with her and she designed something for this president. The president said that when he wears her outfit even people who don't like him, they will be greeting him but he has one problem. Any day he wear it he cannot drink alcohol. May God give you such revelations. Yours may not be in the area of designing but even in food when you cook food you download the menu from somewhere....

They say love portion they have bewitched you, but this is higher than witchcraft. It is God's level it will flatten every witchcraft. It is possible for your husband to be bewitched by a woman that is he is following all over the place. There is a particular meal you are about to download from heaven and by the time he has finished the thing he will kneel down and say, please forgive me. I have been

maltreating you. I don't know what came over me. That foolish woman I shall make sure I kill her. You say don't kill her...

In the area of culture - God will help you to take over so that you establish new culture. Especially those who are 40 years old and above. It is not too early to go into elders meetings and begin to suggest that they leave a better legacy than your fathers left. Ask them how do you want to be remembered? Let them know that it is in our time that these things should be changed for the better. Which elders don't want that?

Even in the area of music, there will be instrumental music that literally breaks chains. It will start in the realm of the spirit. Don't be surprised by 2018 you will hear testimony that some people were playing music and someone who was chained literally physically the chains broke. Sound breaks glass and cuts metal. Sound and light are very powerful forces that is why laser can cut thru anything.

### **Nations and continent**

Already we said 120 nations between 2018 and 2020 that will be called disciple nations. Within the next 5-7 years those 120 nations will have the upper room experience. They will also be referred to as son nations as an expression of Deut 28:11-12 in particular and Psalm 2:8. So nations will be possessing other nations. They are son nations.

Didn't Israel possess other nations when it had no land of its own? Israel was a first born son. Didn't He carry out His threat about Israel being His son and if Egypt maltreated them then He would kill their first born?

### **Africa**

As a continent, this season for the next 3 and a half years there will be the expression of Isaiah 60 in many respects. I emphasize many respects on purpose as I heard that.

In terms of rebirth and renewal, Zimbabwe will be one of the examples.

Africa as a continent for the next 5 years will be stronger, better leadership and greater relevance. Zimbabwe will be one of the examples in terms of rebirth and renewal though some have planned with foreign forces to execute an alternative agenda. God is about to bring His original.

In many African nations you will see that anyone who is ready to rely on the LORD will be the one God will be promoting in Government so also in the area of businesses.

In fact African businesses will be now known on the global stage. Things that had never happened before even in the arts and entertainment industry Africa will lead but it was because sons had not arisen. If sons will arise even so called entertainment TV will acknowledge God's grace upon your life. This year God gave a sign when a non-believer from Ghana went and won the BET.

Sarkodie - May the LORD help you to arise. It's time to know the LORD if you do not you will be put aside. I am praying for you. Those who are ready to go by the LORD's own way of doing things are going to become prominent and Africa will lead the way.

### **Asia**

Asia will end up with slow recovery. There is hope for Japan coming. I see the ASEAN (Association of South East Asian Nations) countries entering into a realm of recovery that will be rapid for those who rely on God but slow for those who do not rely. It will be for a period - only a window of 3 years. If they miss it, that is it.

## **Americas**

North America will experience some degree of economic recovery if they seek the LORD otherwise greater woes lay ahead. In fact, the USA may end up with new things being revealed that do not require raising taxes and some kind of withdrawal of what they were doing for the poor. If they rely on God He will show them something but it is a window of 18-24 months. If they miss that window it will be a great challenge to get there. If they do not get it anyone who does not seek the LORD will have greater woes lying ahead in spite of three instances of signs of recovery. Three times there will be things looking like recovery but if they do not rely on God quite some woes are coming up.

This will be opportunity for Canada to finally gain prominence in area of agriculture if she will rely on God. If not, that is it for Canada.

## **Central America**

Central America but also the whole of America- north, central and south, Christendom need to rise into kingdom lifestyle and kingdom values to be people that bear relevance to whatever happens in the region and central America in particular.

Some Caribbean islands actually there are places they will ridicule the church because it is church it is not kingdom, it is not the ecclesia the assembly of the saints.

I heard Barbados and Jamaica in my spirit. I heard Bermuda and I heard a very tiny island, that seemed to have sometimes been forgotten by some people but God will bring to prominence. In fact initially I thought it was Montserrat when He said a tiny island. But it is apparently an island that is somewhere in the middle of almost nowhere if you were looking at South American. It is a tiny island that is Antigua.

## **South America**

There will be some recovery however they need to watch out for wolves that will come to steal whatever gains they make. I saw what looked like vultures coming at a carcass but it was not dead. They were trying to tear the creature but it was alive. It was creatures that look like vultures. Watch out for wolves, it was wolves who were coming from the land and vulture-like creatures from the sky.

## **Europe**

A time of humbling which can be shortened by humility is coming upon Europe. In fact, I heard "it has come" It has already come. He said it is like a scratching of the surface. The humility of leadership especially among God's people. The time can be shorted by humility of the leaders of Europe. This will be when 2 Chronicles 7:13-14 needs to be taken seriously in Europe. Those who are from Europe if God lays on your heart to reach out to Europe take note of this.

What I heard over and over is "How are the mighty fallen". He said to me, tell my people go to the ant and learn from the ants. He said learn from smaller nations within Europe and without Europe. There are smaller nations that would have learned to get out of the challenge within and without Europe. There is need for the mighty ones who go thru the humbling to go and learn. By that humility they will bounce back. Watch and see.

Even Britain if within 3.5 years she gets it right austerity will be a thing of the past and the New World Order will not control her for 5 years before they can control at the level they were control. Some of you don't know but the City of London has a different governance than the rest of England. Even the queen has to get permission to enter the city. The mayor has to stretch sceptre toward her allow her to enter.

## **Middle East.**

I saw open doors. Then all of a sudden I heard the word "Cataclysmic." Let me go and check. So I went to the dictionary to check – it means violent shaking, violent upheavals, both social, political, physical including floods and all other kinds of things. I said LORD you know what it means. I will not add things that I have not been shown. It is coming to a head in September/ October. I did not add anything else

or my own interpretation which could be wrong. I wrote what He said "Cataclysmic coming to a head in September/ October".

So watch out some things will come to a head in September /October in the Middle East.

However, there is mercy available and a door of mercy will open if His people will seek Him.

For those who have wanted to make impact at the level God wants you to make - at the level you are supposed to make - it is time to ensure that as much as the LORD enables you, you believe Him to take you to the Middle East. There will come a time where sons of God will be prominent in the Middle East. Between 2018 and 2020 you will see son's of God arising in the Middle East. What I keep hearing now is cataclysmic will come to a head September/ October 2013. It was open doors that he was looking at. When these are happening you will bring succour to the people and by God's mercy you will get established.

### **Oceania**

That is Australia, New Zealand, Polynesia, Micronesia etc

The New World Order will suffer a set-back in this region during this season if His people arise. They had made so much gains in terms of grounds. They thought that this was one of the best areas in the world they were in control of. I heard God say He will spark some things in Solomon Islands. I have never been there and I don't know if I will go but He will send some apostles to establish some new things. Vanuatu and two not so well known islands will come into prominence in that area to the lee side of the International dateline. He will establish new patterns and a new name for them using these vessels.

### **The Arctic's/Antarctica**

These two will be affecting weather patterns all over the world.

Do not be surprised about floods, droughts, storms and some in proportion you have not heard because of these places. I had to ask the LORD for his mercy because I was supposed to have gone there before the end of this last year. I said I will go as early as He enables me. Initially I was sharing with the family I was trying beg if possible let the cup of going to the north pole in this season pass from me. If He wants me to go I will go. It is very cold.

### **General things concerning personal lives;**

- The LORD showed me at 2.30 am things which were lost or misplaced including money, starting with spiritual things. I can tell you without fear of contradiction that if you take everything that is going on seriously, not only will things that were chains and bars in your life be broken. But everything that has seemingly been lost, destroyed, misplaced somehow not visible any longer are about to be recovered and restored. From this day since he used two words "found" and "restored". Even if they were seemingly permanently lost seemingly, they will be found.
- In term of breaking chains from Psalm 107:15-16, Isaiah 30:29-32 as these things are going on some demons are being flogged out not only in our lives. It is also happening in nations

### **Prophecy 2013**

- 2013 very interesting year, very powerful year. It is a season of power encounters, plenty of winds and fires, in spirit and natural. Witches and wizards becoming more and more brazen.
- In Music industry confrontation of powers. Beyonce has been exposed.
- 2013 a year of brazen exposures.
- 2013 a year of open defiance, all kinds of witchcraft exposed including men of God who have been using witchcraft.
- Read epistles throughout 2013, especially 1,2,3 John.
- Php 3;12 - ACCURACY IN SEEING, HEARING, GRASPING what we ought to, what Christ laid hold of us to grasp.
- 2013 a year of crossing over from every kind of limitation - incurable diseases
- Many people commissioning new businesses in 2013! Some also new houses.
- Next 5 months, months of rejoicing!
- Luke 21:15 wisdom of God to preserve sovereignty of nations. UN try to test nations sovereignty like never before. Africa will experience greater establishment because many will run to God.
- Within the next 3 weeks (from 21 Nov) there will be clear sign that God has released you from many things.
- Pray from Eph 1 & 3. Proclaim Ps 67 every day for next 3 weeks.
- (The above are from Sept-Nov Fasts)

This is almost an opportunity of a lifetime God is giving you to get into a level of privileged intimacy with Him to share things that men are not even supposed to hear. They are unspeakable. It depends on how far you are ready to go with him. There are things that looked impossible to man that he will unveil to you. It will be determined by how far you are ready to go with him.

If you are operating in the realm of childishness, babyish tendencies abandon them now. Begin to embrace sonship. This will be the time he will usher people into a level of authority that literally when you enter a nation even spirits will stand still at attention not because of you but because of the one who is riding you into the nation and your sonship.

That is why it is important to see year 2013 as the beginning of a season. The way the LORD said it from 9 Sept 2012 for the next 3 to 3.5 years is a season. It's not just one year. This is the beginning of that. It is a 3 year period of certain expressions. So by 2015 there are things that will begin to happen that had never happened before. For individuals, literally the children of God who entered the sonship, will take over sectors of society and run it the way God wanted.

It means families will be run according to dictate of sons of God in the nation.

Belief system, a mind-set and attitude, will be set by sons of God in the nations

By God's mercy and grace, government and governance will be run according to dictate of Sons of God in the nations. God said 120 nations between 2018 and 2020 will be called disciple nations and they will help other nations. So, 120 nations will be sheep nations. There could be more but not less than 120. This is what Matthew 25 talks about. On left is goats and on right is sheep. According to verses

31:32. On the left he said depart into hell..... God wants to make you a discipler of nations that will begin to disciple other nations by 2018-2020. If you take God seriously it may be in arts, sports, culture, or in business, the economy, media, science and tech, education, culture, wherever you are going to become a pattern for the nations.

You will become a discipler of the nations. It is very important otherwise you end up with unnecessary challenges.

This is the season where hope will only be found in the kingdom of God. Men's hearts will fail them because of things that will happen.

I saw turbulence and darkness come upon certain nations. I saw samples of nations that were getting light and as they were a candle and then all of a sudden more light and more light. And those few nations begin to spring up and then after few years, about 5 of those nations began to become patterns for other nations. That is when God told me between 2018-2020 that is 5 to 7 years. This (2013) is supposed to be the foundation year. If you add 5 years to the foundation it is 2018 and if you add 7 years it will be 2020. You as individuals will make a difference. If there was a time to look to God to set patterns for business this is the time. Begin to seek Him.

### **Africa**

People who try to use intrigues to get things in nations, especially in West Africa, they will get double shame.

Literally there are people in Nigeria that have been seemingly untouchable that God will actually publicly embarrass them.

This is the season of true military fashion obedience to God. There are some of you God has given positions and possessions. If you do not obey promptly you could lose grounds. And others will replace you. That means that if you have seen a bit of finances for example and maybe you have began to really enjoy and God is saying listen to me and you think you don't want to listen, He will set you aside to go on with the little you have.

Mineral resources - It is sons of God who will come to the place of prominence. For example in commodities.

### **Communion**

The mysteries of the body of Jesus and the reality of what that stands for even when it has to do with the veil. Let the veil that has covered the eyes of your people be torn tonight as this bread has been broken. Let the veil that has kept our hearts from understanding true unity be removed tonight as we partake of the emblems of this Communion. Let the reality of the discernment of your body come upon your people. I declare from this night every veil in your life is torn destroyed and burned.

Father there is a mystery that has to do with the entire universe that is steeped in the blood of Jesus. According to the Revelation 13:8 - the blood of the lamb was shed. The lamb was slain. Today we call upon that blood to speak and go beyond all other blood because that blood speaks better things than the blood of Abel. Let our foundations in the blood speak.

Put your right hand on your head and pray: Let my foundations in the blood of Jesus speak. From this day let the blood of Jesus speak into the foundations of my family tree. There are some who are receiving deliverances from family bondage. I see lineages being released now. Mystery that spoke in the blood of Jesus begin to speak right now.

Thank you LORD for the blood of Jesus. Thank you for the blood that was carried in the vessel to the holiest of all in heaven and is now sprinkling our consciences. Let the blood of Jesus speak and shatter every single thing as we establish it as a foundation . I see pots being broken pots of witchcraft begin destroyed now in the Name of Jesus.

Every blood shed in my lineage, that has been speaking against me and my establishment and God's purpose being established in me and thru my life. I command it silenced totally in Jesus' Name. I decree for everyone under the voice of the LORD whether here present, over the internet or wherever you are listening now I declare all released by the power vested in the blood of Jesus.

I see businesses being released, ministries being released, I see people who had tied people in pots. They put you in a pot. I see an effigy of you being put in the pot and they said that as long as that pot is covered you are covered. They have changed your posterity and destiny. I see another 8 chained around a pot and fire is in that pot but I declare a sword for you (your name) and a sword for the LORD. Every pot that must be smashed be smashed right now.

I see confusion in some camps, some sanctums, temples, some covens. I see people running helter skelter. I see people being released but confusion in the camp of the enemy. I see businesses that were captured literally.

Who is this person? Your business was captured for the last 7 years. You are into construction. God tried to show you this in a dream. He showed that to me - someone captured the spirit of your business and put it in a container and somehow the thing went and it is baffling your mind. There are 5 people in similar situations.

Therefore let the reality of things which you have not released me to share concerning the mystery of the blood be released into my life-stream.

I hear you say actually life-stream was just for personal purpose but its rivers of my life. Let the blood begin to speak into the rivers of my life. Pray that prayer. You may not understand fully but there are rivers flowing out of your belly. The entire body of Christ has its life in the blood. And it is beginning to be released now ... in Jesus' name.

If God has called you to give a memorial offering beyond the family memorial just go ahead and do it. I don't come raising offerings but its because of the particular season of 3.5 to 5 years we have entered tonight. Because of the level of economic prosperity coming to the Body of Christ. (Body of Christ being those who behave like Christ).

There is a level that is coming and you will tap into it with the memorial offering.

(THIS IS THE END OF THE PROPHECIES FROM December 31, 2012)

**PROPHECIES 2013 PART 2 GIVEN ON 06 JAN 2013 AT ADENTA ASSEMBLY  
DR. ABU BAKO**

The LORD said, Tell my people a new day has dawned. This year being a year of rebirth and renewal, fresh beginning, commencement of new level of operation marks a beginning of something that man has not seen yet for those who will dare to press into it. The new dawn for those who will dare to press into it. You thought you have seen the power of God in manifestation you have not seen it year. When it starts you will see the difference it will be so clear the difference will be like night and day.

You thought you had seen the manifestation of the presence of God you have not seen it yet compared to what you are about to experience. If you thought you have seen the glory

you would not be standing because the glory that is coming is a glory that will end up taking over every single fibre of your being in every location you go into. Because when the glory fills the place no man can stand. God is about to fill yourselves.

Not only that, we are getting into the realm of the expressions of the power of God at levels that are tangible and literally things that hitherto had not experienced the power of God will experience it.

What that means is that there will be areas that were thought to be out of bounds to things that were religious. But because you are moving from religious to kingdom you are getting to the place where literally your operations will be in the kingdom of God and the power of God will be manifested in every area of your life including your marital lives, business, education, science and technology.

God is about to release so much of the manifestation of His power, presence and glory that everyone will know that the LORD has taken over.

He said, there will be tangibility when things begin to come into the fore.

Not only that, God is about to usher people into the place where literally you are going to experience the Exodus type of manifestation. God made it very clear just like in Exodus 14 where it says stand still and see the salvation of the LORD. For the Egyptians you see today you will see no more forever.

From today I am going to experience that which is in Exodus.

Whatever has been following me will no more follow me. Whatever oppressed me will no more oppress me. Whatever has been confusing me will no more confuse me. Whatever destroyed my life will no more destroy it. I enter the realm of NO MORE in Jesus Name.

As the LORD enables me I shall share a bit and then the rest of the prophecies that were remaining. God said to me, Today I want my people to know because it is time of rebirth and renewal, new beginnings, transitions, commencements, I want them to know that whatever hitherto had denied them the right of entry to whatever I had ordained for them is about to give way. Because I have taken it away but in terms of manifestation it is just a matter of a few weeks.

There are things you have been expecting for years that will happen so rapidly that you will be wondering that it is too soon to be real. But there will be reality. We look at Exodus 12, verse 2 – it says this shall be the beginning of months for you and that was talking about month of Abib which is equated to March/April.

Then He said about the day that was to be marked for a feast thereafter. Exodus 12:10-14 Passover. We are passing over from death into life in reality. This is not one of those religious proclamations. V12

Exodus 14:10-14; Have you ever felt that, if you left me where I was it would be better. This is even worse now. But I got news it is because something is about to break, something that is much better is about to be released. The people lifted up their eyes and saw the Egyptians coming. The moment they saw them they did not understand; what did Jesus say; when these things begin to happen lift up your eyes... for your salvation is near. Where are you supposed to lift your eyes to? I lift up my eyes to the hills where does my

help come from? The LORD who is Maker of the Hills and whatever the host is on the hills.  
(Psalm 121]

The LORD is our help. The maker of all the earth even to Pharaoh the maker of Pharaoh. I lift up my eyes to whatever the host, it is not the host I am looking at but I am looking at the Maker of the host.

From this day, it does not matter what is pursuing you or destroying you and trying to undermine you or trying to confuse you, or dissuade you or hinder you or somehow delay you. Today God is about to show that He is the Maker of the heaven and of the earth. He is the Father of eternity. He is the beginning and end of all things.

Time will not permit us to go into the issue of Janus. Many do not understand that the name Janus is for a Greco-Roman god who Greece passed on to Rome. That happens to be the god of gateways, doorways, transitions, beginnings and all of that.

When Rome and Greece lost their power in terms of warfare they decided to dedicate the beginning of the year to a particular god who will be in charge of your programs. Today I have come as God's servant to declare you delivered from the influence of any other gods other than the Most High God.

If you do not understand - it is only thru that particular calendar they are able now to still influence the world.

For Janus one of the ways he was worshipped was with particular cakes from spelt and salt and they were burned to him. So because spelt and salt when burned, you see sparks. That is where the tradition of fireworks began. And that is the reason why while they are doing their sacrifices and saying to Janus come and take over, and run the show and decree what will control these people that is the way the west seemed to have control. That is why it appears they control people around the world.

But I got news for you. You are breaking out of the control today. God is about to usher you into the place where the only Alpha and Omega is the Most High God. He is the Alpha and Omega, the Beginning and End of all things.

He is the One who is the Father of eternity. Eternity itself depends on Him for its own existence. He does not exist. Existence depends on Him. He is the Progenitor of life, He is the one who is the source of life. He makes life, life. Without Him there will be no life.

That is why He says, I Am the Resurrection and the Life (Exodus 14:13). There are things you go through in life and you feel maybe you should not even have attempted what you attempted to land where you are now. It would be better to remain in your little corner. There are some of you who are confined in your thinking and God is about to release you from that confinement.

I declare the confinement broken. I declare the prison doors open and the limits taken off. I declare you broken out of the box. You are coming out of the box anybody has put you in. Whether in their minds, their hearts, in life or in the scheme of events, places you work, some people say, this is the only thing you can be allowed to handle because you don't have the capacity for this, that and the other.

I declare from this day, in the name of Jesus Christ, you are raising up. You are going to shine, your light is coming and glory is risen upon you. Though darkness covers the earth and gross darkness the people, the LORD has arisen over you and His glory is seen over your life.

Where the sun does not shine and the moon does not shine the life of the glory of God shall overshadow you and flood your system even the sun shall not be able to overshadow your light because your light will be brighter than that of the sun because it is the Son of righteousness rising in your life with healing in His wings.

From this day, every family that was pushed into the grave, put in darkness, including those who had been buried. I see certain people whose fortunes had been buried in the graveyard. We go into those graveyards today and break you out. We declare you released. The gravestones, the cover-stones are broken now. We declare you released. Come forth in Jesus name.

That is what Jesus did to Lazarus. He said Lazarus come forth. And He came forth. It does not matter what it is that may have buried you. Your burial ground has been invaded by the presence of God, by the glory of God, by the power of God, by the angels of God. I declare from this day you have entered another dimension of relevance in the scheme of God's own program and progress in Jesus name.

They said, "You should you have left us alone". I was asking the LORD some questions. I asked, Why are You leading me to this? You did not say today is for , "Let my people go that they may worship Me." He said because everything that has been a hindrance, a source of delay, a source of distraction, a source of confusion, is about to leave you alone.

It means from today whatever has been a source of delay for you, a source of distraction, a source of confusion, or limiting you in any shape or form is about to release you. God said to me, I Am about to release literally national and global champions.

I want you to know some of you are carrying all kinds of conditions in your body. Those conditions are leaving now. It's not just, O I believe, its reality.

As I said that quite a number of people God healed, including people that had serious challenges with the abdominal area. People who had things literally moving in your abdomen, God just removed them. I saw angels cut into pieces what was there. Your release has come. Many others had all kinds of conditions in your body, spinal cord, vertebrae column in particular, God has just healed. Whatever it was that was causing unnecessary challenges in your vertebral column especially the 5<sup>th</sup> vertebra and from this day you are released permanently.

When He says he has healed because this particular year is the year of unprecedented levels of health. That is why the enemy will try to attack with all kinds of indescribable sicknesses and diseases. While it is happening to some people, you are exempt.

There are two main new disease which will seem to come but some of God's own ministers in science and technology will listen as they come they will leave so suddenly.

Let us finish this so that God willing we will talk about some of the things that God said concerning this particular year so that you know what you ought to do. I know some of you remember what God said concerning national issues. We will look at issues to do

with the nations of Africa today. We talked about continents in the other session, but we will look at some of the nations of Africa today and individual issues already talked about.

V14: Moses said Fear not... stand still and see the salvation of God. I will see the salvation to the LORD in the land of the living. This is my season for seeing the salvation of the LORD.

He did not say you would see it happening in other people's lives but He said, What he would show to you today and not tomorrow not the day after. He will show you His salvation today. He will show you his salvation today.

Every day when you will wake up from now on give God glory, this the best day you have ever seen in your life because every day will bring a greater manifestation of the glory of God, the salvation of the LORD, the power of God, the presence of God.

For every oppressor you have seen, for every slave master you have seen, for every invader you have seen, for every thief you have seen, because what I saw was that there were things being picked out of your life including exchange of destinies. But every exchanger of destiny with yours, today you will see no more.

If I were in your shoes I want to say, every exchange of destiny that has taken place concerning my life, in any part of the world, whether it be in the heavens, in the heights above, any part of the universe, any exchange that has taken place in any sanctuary, in any sanctum, in any temple, in every coven, in any grove, on any altar, in any region, in any location in Jesus Name I reverse it now.

Every exchange that is not of God every satanic exchange, every draconian exchange, every demonic exchange of my grace, my anointing, my place, my influence, my dominion, the power of God in my life, the presence of God in my life, the prosperity of God in my life, the power of God in my life, the wealth of God in my life, the wisdom of God in my life, the strength of God in my life, the honour of God in my life, the glory of God in my life, the revelation of God, the fear of the LORD in my life, the blessing of the LORD in my life I reverse that exchange right now in Jesus name.

I declare that from this day, every such exchange in my family line is reversed now in the name of the LORD Jesus Christ. I decree that every such exchange in our neighbourhood, in our community, in our city, in our nation and on this continent is hereby reversed in Jesus' Name. Let God arise and let His enemies be scattered. Let God arise and let His enemies flee from before Him.

We paralyze the enemy and declare them scattered as smoke is driven by the wind. I declare them blown as smoke before fire right now in Jesus name. I declare from this day that everything that has sat upon God's grace and my progress and every aspect of my life is overthrown in the name of the LORD Jesus Christ.

For the Egyptians whom you see today you will see them again no more forever. It means that from now on a lot of things in your life you will look at them in the face and say, never again. Maybe I better break them down for your understanding and assimilation.

There are things, which have been cyclical (cycles) in your life. Certain times of the year those things keep happening and God said that from today they are completely eliminated.

Let me break it down further - This is the season you are saying goodbye to some conditions that kept recurring. There might have been certain things if you get to certain places you get up with challenges including certain things called allergies. Allergies will disappear this year in many lives. At least 75% of the people in this particular Foundation that had any allergies, they are eliminated.

That is why it is important because God talked about a new level of expression of orthomolecular medicine. Even in terms of your diet, just make sure whatever God tells you what to eat including some you have not heard anywhere do that. He knows the antidote for your situation.

God will show you things you will need to do. Some of you God will give you certain specific formulae that will begin to solve various conditions in people's bodies. There is an aspect of formula that will be for those who cook, He will give you specific instructions as to what recipe you are supposed to use to cure conditions.

Not only that, God is about to send some of you to levels of operation where supernaturally you will download something and you will begin to do it and wonder at the effect. There are certain things that will be very simple that you will use and from now, they will wonder, What? This simple thing?

One of the things He showed me was that for **some of you He will show you something you have eaten before and He will say, change the constitution and the way you prepare it and add one or two condiments and literally it will eliminate something that had been in your life for 10 years and you have struggled and all medication did not work. It is going to happen. Especially those who have had ulcers that have refused to go and some of you that had gastritis. It is going to be cleared. It is going to be permanent.**

We are dealing with issues of individuals. We are going to families in a moment. That is why I did not bring any paper today because of time. **You have entered another level of influence and dominion. I heard that clearly. From now on things that looked impossible for you will become so easy to handle.** Why? Even for aspects that have to do with business acumen He will give you ideas that will baffle the best brains in business in the world literally.

You will begin to baffle people. **God is going to deal with the gods people have served in the business world.** Watch and see there will be **people who have been operating by Baphomet and leviathan they will begin to come down. They will come crumbling and falling.** Baphomet is the goat-head demon.

**There are people who are popular in the arts in particular; that means music industry, film industry and there are those who are seemingly stinking rich in the area of cosmetic and beautetics and you will see them fall** because God will send some of you and tell you what to do. You will enter a shop and He will say, Proclaim this and that. Some of you He will tell you, Buy this but don't use it. That means there are certain things He wants to use the money you prayed over to accomplish.

From now, every money you receive if you cannot do anything give thanks and declare it dedicated to God. God knows why He is saying that. Reason being, there are certain kinds

of monies that was sent for the purpose of exchanging your destiny with the people who are giving you the money.

They were buying your own prosperity, buying your position and buying influence but they will end up with the thing reversed and anything that had been stolen from you, even not by them, will automatically come. The LORD said, I will heal them just like I forgive their sins.

He said if you confess your sin He is faithful and just to forgive you and cleanse you from all unrighteousness. He says, He will heal you not only from the one you needed healing from but every other sickness especially in that area.

**This is the year of the miraculous galloping, progress - that was the word He used. A year of such take off and soaring. You will begin to soar economically and politically.**

That brings me to the next thing He said. **It will be the year of changes.** So in the next few days don't be surprised to see a lot of changes even in government. You will see a lot of changes in business, people who hitherto held people to ransom because of business prosperity, that was not sent of God and using demonic powers, are about to lose their position. If you are listening to me by DVD or listening to me live wherever you are, I want you to understand it is not too late you can repent now. If you don't repent you are going to lose position.

Do not be surprised if you see people ending up with strokes because of such challenges. But God said He will forgive and heal the moment they repent. There are changes going to take place. I kept hearing the word, change. When it comes to changes in government do not misquote what I have said, God will change government. Do not be surprised if you see a lot of people who had positions being exchanged.

Anyone who had used his or her position for the purpose of propagating and promoting the purpose of the dragon, his surrogate spirits and all their agents is about to lose their position.

When I saw the changes in business in particular, God began to show three areas if you get into you will end up with serious manifestation of His glory and His presence. It does not mean others will not see. Do not move from where God has put you. He showed the area of agriculture, the area of real estate and the area of health. If you get involved in those you will see the glory of God

In the agricultural sector mainly it is especially the area of food. The reason why health was put along with that is because there will be a lot of medicinal plants that will be discovered. We are not talking about Africa only but many nations especially Africa, Asia and the Pacific basin – these three areas. You will see a lot of medicinal plants being discovered even in temperate areas like America, but it will not be as rampant as these three areas.

That is why it is important for some of you if God decides to send you there, to go. You might be the one introducing some things. Some of you God will cause you, by reason of technology, to enter nations you would never enter in the physical. That means your business is going to blossom and literally end up exploding because you dared to finally get into technology.

Now listen very attentively, some of you don't think your business is big enough to have a website. Go and ask the LORD what He will have you do.

From what I heard from the LORD it is that within the next 12 to 16 months, literally you will become a global icon if you do what He asked you to do concerning business website.

Not only that, God is about to also promote those whose business is out to build people's lives. Any business that will be out to build people's lives - God is going to promote it. You will see it.

When it comes to nations: I touched this nation in a number of places. I already spoke about Ghana and changes, government and government positions in particular, and don't be surprised if you see changes in terms of configuration and constitution of government positions. If you are here from government know that if God said change configuration of particular ministry so that it will reflect His agenda allow Him. Do it because that will be the beginning of new beginnings.

I saw God bring such a restoration in areas that have been lost. Restoration is coming. Anybody that will want to cause trouble, God said it three times, He will personally deal with. That means if you are not ready to allow God to do things in His own way He will personally deal with you. My prayer is that you will not end up being caught on the wrong side of the sword.

### **South Africa**

Because South Africa has not acknowledged God as He should be acknowledged God is allowing some shaking but the moment there is a reaching out to God everything will be restored because every false foundation is about to give way. Even at individual levels false foundations are about to give way. Even for you as an individual any false foundation you have, if I were you, I would quickly go and say I laid this type of foundation could be in your marriage, something to do with your life, your relationships, things that have to do with your business, your ministry. It is time to go and say God I am sorry. I am ready to start all over. If you want us to continue clean it up. If you want to completely remove everything I am ready but just show me what do. So if you see some things crumbling ask God first. If it is part of the removal of the old so that the new may come just go ahead and thank Him so He will show you the new.

### **Africa - General**

Not only that, God said that He is about to cause many African nations to take their sheep nation position.

As sheep nations they will listen to His voice in areas of agriculture which he talked about. We are going to help the world with healthy food one more time. That is one area He is actually going to completely overhaul the SADC (South African Dev Corporation) region. So if you are from there, make sure you let the governments know that its time to get back to the original way God wanted things to be. That means it is not only going to be natural but it should be organic and should be healthy.

He is overhauling because we are to be like the fruit basket, and food basket. He could have said food basket - which would be enough but He said, fruit basket and food basket. So you end up with all kinds of fruits. If you go to certain types of fruits - God will show

you, you will have abundance in harvest you will be surprised. The aspect of cereals and grains, God will prosper anyone who is going to get into that by His instruction.

Don't just go and say cereal and grain anything. Maybe it's not for you to farm but distribute, find out from Him

As governments of West African sub-region God wants us to get back to cereals and grains - the healthy ones. It means there will be a revival of sorghum, millet and healthy types of rice. That means we will have sorghum, millet and only rice that is not just completely devoid of nutrients.

There are others but these are three clearly I saw. God said He will bring a revival and there will be abundance of harvest as a result of that obedience.

There are things that had been done before that showed how to take care and preserve the excess or bumper harvest - God is about to restore that.

If you are from Nigeria if you will just seek the LORD as the body of Christ has began to seek Him in Nigeria, He said He will restore things that had gone extinct. Including some of the pyramids that were there before but it will take 3.5 years period project. But it will require proper planning and strategy but He will restore some of the pyramids.

As he talked of pyramids I saw that thing go all the way from Nigeria to Senegal. I was asking the LORD How? What is this about? Then I saw the issue of groundnuts and something that had to do with wheat. So it's a matter of how it is supposed to be. There is a tropical variety that God wants to actually release with certain nutrients that are not found in temperate regions because of the type of soil.

You watch for scientists, watch nutritionists, check out and see the difference between two types of wheat; this is free consultancy for those who will go and check it out and you might end up with that as your project and you will discover something new easily.

One other area is the area of water. **God said every African nation that will give itself to ensuring the population has healthy water, proper water, will end up with His blessing in many areas. Minerals that had been hidden for years and were not discovered for the last 100s of years will finally come to the surface. You will discover them.** God had said from this season, from September last year, there will be new species that will come out in terms of animals and already some of you have read about that. It has already happened.

**God is also saying there will be new minerals that will be discovered. If God tells you to buy land, go and buy land. Maybe it will be in your land that those minerals will be located.**

If you want to know **God actually is taking the nations of Africa to a place of the days of Egypt where Joseph was used in Egypt to preserve the nations. God said, He is making the nations of Africa the preservers of the world.** That's different from food basket, fruit basket, all of those - preservers of the world. That means there are certain things that may come upon the nations but Africa will be the solution in many respects.

**That is why when He says Africa, I do not limit it to geographical Africa but every person who was released thru Africa wherever He or she is, can be used to bring a solution.** So it is about to be released and you will see some things happening.

**In the area of medicine there will be so much in terms of expansion of horizon and extension of horizon. God is going to show new things. That is why it is not only orthomolecular medicine for resolving issues but there will be more effective ways God will show.**

Isaiah 55:1-12 but we take v6-12

**God had already said that this is the year of seeking Him for yourself, knowing the LORD for yourself.**

**V12 this is the year of joy unspeakable. That will be when you have done all we have just finished reading or quoting in v6-12.** Where you have let go of your thoughts, your own way of speaking, your manner of operation, and you have embraced God's own then He now says in this particular verse you will go out with joy and you will be led forth with peace. **This is the year and also a season. It is not only this year but for next 3.5 years you will have unprecedented levels of understanding of the ways of God that the Holy Spirit will lead you every step of the way. He will teach you what you should do. He will show you exactly which step to take which way to go.**

**This is the year you will give by the instruction of the LORD. That means there are things He will ask you to do that you have never done all your life, just do. The moment you do you will do some things you have never done all your life. He is going to ask you to do some things you have never done all your life. Then once you do that He will do some things you never seen all your life.**

**In fact, He is about to give you experiences that no other man has ever had since time begin. It is in this season and all this is to lay foundations.** And as a result, in all of the spheres<sup>1</sup> of society God will begin to raise champions.

In all the spheres of society God is beginning to raise champions and He is about to release champions you could never have dreamed. It is important for you to make sure you avail yourself. That means there will be family champions. The moment they enter, issues of family you know everything is resolved because they are champions.

In the area of belief systems the moment they come to how do you think of that? You change the atmosphere and attitude of everyone around and God is about to change attitude to the Ghanaian and Nigerian the West African, Northern African central African, East African, the Southern African. The mindset of the African is about to change because this is the season. The mentality of slavery, poverty, neo-colonial mentality, will be changed for as many as are ready.

Listen and listen attentively. God is about to promote people of integrity. Corruption is about to be dealt a blow in many nations. He did not say every nation of Africa. He said many nations.

---

<sup>1</sup> Spheres of society: (1)Family, (2) Belief Systems (3) Government governance and leadership (4)Economy (5)Education (6)Science & Technology (7)Media (8)Arts Sports & Culture.

I saw at least 7 nations, He said to me, "Within 18-24 months it will rise to 12 nations". You will begin to hear. People will say, I don't understand how they were able to stamp out corruption to the barest minimal level. It will be the LORD's doing and it will be marvellous in our eyes.

So you will go out with joy and you will be led by the spirit of God as a son. This is the year of sonship, remember? You will be led forth with peace. Every turbulence will be stopped as you are cool, calm and collected. You know where you are going and nothing can stop you. You are going to go where God wants you to go.

In case some are asking concerning elections, He said, In the midst of agitation and apprehension I will bring you peace. So that is what you should still be holding on to. Somebody asked me, What did God say concerning elections in Ghana? I said God spoke a long time ago, so what is the challenge? What are you expecting again?

It is important to listen to God and go the way God has said. Don't come asking what will happen concerning this and that? The one that God has said I have said. Anything else He said and told me not to say, I shall not say. Do what God has asked you. It is only the purpose of God that will stand.

V12 this is the season where creation will rejoice at citing you. When creation cites me creation will get excited. I will become a point of reference and a point of citation. May God give you understanding because some of you are wondering what that means. It means, not only will you be cited but you will end up with a citation from creation. It's deeper than you think.

Every part of creation will rejoice the moment it cites you. Why? Because the solution to the challenges of creation has finally arrived.

Hear this clearly, God is about to cause people to see the solutions for environment, so environmental challenges are about to be resolved by simple technologies. I know you know about energy and sustainable energy, and renewable energy and all of that. God is about to give you some of the solutions that will be so simple that even the remotest villager will be able to produce what is supposed to be produced in terms of reproduction. There will be such technologies. The way God will prosper the person that comes up with it, they will sell it to governments. Those of you who are in that arena better begin to ask the LORD. He will show you some things that will be very important in that respect.

Those who are in distribution networks of things, look for things that will build up people's lives. Because as you go in to that you will literally become one of the best the LORD has out-doored to the world.

In terms of creation rejoicing, literally you will have situations where nature will begin to collaborate with you and things will come wherever you go.

Example: Because of obedience you eat the best of the land. Remember? This is the year of promptness of obedience and totality of obedience. So prompt and total obedience is very important and as you do that, God is going to help you.

As you do that you will end up with the best of the land coming to you. This is what is going to happen. Literally because you have obeyed God, the best that God has reserved for the land will come to you. It will, for a fact.

He says the trees of the field will clap their hands - Not only the mountains breaking forth into singing, the trees of the field will clap their hands. That aspect I want you to understand those who have always had challenges and financial shortage God is going to give you what it takes to have abundance so you become a distributor but it will come through obedience to what He tells you to do.

For nations of Africa, God will show you how to get the most out of that which He has given you especially in the area of endowments, how to process them. He will show you Natural resources and how to get the most out of the process to the level you will get the most and not get the short end of the stick.

God will begin to cause nations to come begging to the nations of Africa. They will want to partner with you as they realize their control is beginning to completely wane and is being broken.

Now don't you sign, I am only repeating what I heard; don't sign foolish contracts. Do not sign contracts that just sell the future. Sign contracts that will be structured according to the leading of the Most High God Himself. It is very important.

You will go out with joy. You will be led forth with peace the mountains and the hills will break forth into singing. The trees of the field will clap their hands. Proclaim that at least 3 times.

I will go out with joy, I will be led forth with peace, the mountains and hills will break forth with singing. The trees of the field will clap their hands. I am going out with peace, I am going out with joy, I am going out with glory, I am going out with power, because I am going out with joy now, I am being led forth with peace, the mountains and hills are breaking forth into singing. I hear the sound of the LORD, I hear the sound of heaven, I hear the song of the LORD from the rest of creation because of the LORD in my life. The trees of the field are clapping their hands. Let the trees begin to clap their hands in Jesus' Name.

Not only in terms of paper pulp (trees) that will have to do with contracts but there will be paper pulp that has to do with monies. Paper pulp (trees) will clap in your way. It will include paper that is used for signing contracts. Not only that, there will also be paper pulp that is used for money that is about to start running to you rejoicing.

There are some of you that there are certain kinds of money you have been keeping for years and God will say release. When you release them He will surprise you. I don't want to go into details. This morning He told me for a particular note I have been keeping for literally years now, I think since 1996 or 2000. He said release it. So I released it.

During offering there was nothing said spectacular or special. Later the pastor talked about sowing into the Foundation. God said put that one. He said add the one from this particular land because I am about to marry two nations.

From your giving, nations will begin to come and help this nation. As you release certain things literally you will end up with nations that did not know of your existence. Some of

them you have not heard their names. They will begin to call forth for you because it is only what you have that will solve their own problem. Mark it down by the time you are celebrating another anniversary you will already have so many of such testimonies.

It was in this assembly, but over there, that the young man that gave the testimony of December 31<sup>st</sup> received his prophecy. If you do not understand, something is about to be released today.

Literally, the ability to control creation is about to be released into your hands.

I honestly thought He will demonstrate with some specific elements. He said Son that is not it. Just proclaim it and I will show them. People will go to places and I will ask them to ask certain parts of creation to come and resolve the situation.

Therefore LORD let every part of creation see You as You go out at the end of the day at the head of the army, as the LORD of the armies. When we go out with joy it means we are triumphant. When people are not triumphant they go out mourning. We go out with joy and being led forth with peace because Jehovah Shalom has expressed Himself.

Father I know I did not talk about that aspect of new technologies in business, spiritual technologies. But right now I pray for those spiritual technologies to be released. I have not spoken about spiritual technology.

I did not mean to share this but as I was praying that prayer, God said to me this one has been some months now but He brought it back to me in the early hours of this morning and now.

There are certain people whose businesses have been tied permanently seemingly. For those who have been listening this is the second time God is repeating that. The difference is the aspect of spiritual technology we are about to release. Some of them were tied in graves and some in pots and some in the sea but they are about to be released.

Judges 7: I do not do things like this that often. We were at a chapel and we had closed and I said give me a minute or two I want to do something. I had kept hearing about altars and birds. Today is not about altars and birds. I have talked about altars generally in various places being dealt with. Take notes properly. This was not part of the original things I was going to share but something God showed me as I was praying now. Unless it was not God, your release has finally come.

Some of you that literally everything you tried failed businesswise, this will be the beginning of success.

Judges 7: I cannot go step by step but you notice that the curse of the Eastern people who normally come many times when you have crops they will come and take so you end up not being able to harvest. That is what they were doing.

There is so much but I believe 3 verses are the ones I am being allowed to release. It is not by might or power but by His spirit. That is the reason why it is not by mighty nations, it is not by mighty numbers that He is going to deliver. So Midianites, Amalekites, Moabites, Ammonites, every one of them will be dealt with.

Judges 7:14 That is the word of the LORD to you. If you have been the one hiding, you are about to become a terror. You will intimidate your intimidators.

V16 He said to the people arise... because God has delivered Midian into your hands. He divided the three hundred men into three companies...

I beg of you and beseech you by the mercies of God, do not do anything God has not told you. I am saying something very important here.

(A **Prophetic action** similar to what Gideon asked the 300 men to do after a signal from him. A pitcher was brought. He put a lit candle symbolizing the lantern inside the pitcher, blew the shofar over it and broke it).

There are certain people who have put this nation in bondage using witchcraft, Masonic witchcraft, traditional witchcraft, religious witchcraft some of it came from the western part of this nation, some from the eastern part of this nation. Some of it kept coming from the southern part of this nation. Some from the northern part.

But there was a dimension that came from the north-western part; that stretches into Mali. The one from the west came all the way to Tuba in the .. and some of it stretched from Cancan in Guinea. It is not also too far from the source also of River Niger. That is why there has always been that connection between Nigeria and Ghana.

The enemy knew that redemptive gift of Nigeria and Ghana would be in terms of bringing salvation to the entire continent of Africa. He has done everything to always cause confusion between these two nations. Now witchcraft manipulating that causes people to say things they should not say. From now make sure you are not party to that. Like I said, I have never done this all my life.

But I know how to obey God when I hear Him even if it does not look normal to people. I want to obey Him. He had spoken to me about it but I thought it was a different thing maybe in a business seminar. But He said, I am releasing nations today. I am releasing economies and I am releasing governments.

This has to do especially with these two nations – but the whole of the West Africa sub-region and it will extend to all of Africa within 3 years. You will see many economies released in many respects. Some of you have heard some things I don't know physically. Personally I would say that there has never been witchcraft in the Ningo Prampram area but that is what I saw this morning in my spirit as a part to the centres from which certain powers were being drawn.

God is about to release the nation. As certain things that were coming from the western part and most people will think of places that everyone knows about but you may not be aware that quite a bit of it is actually coming from Cote D'Ivoire rather.

The French connection there is what they are trying to use now to see if they can scuttle some things that have to do with wealth energy-wise, not just gas or petroleum but many other things. It is not everything I saw that God wants me to share.

There are things coming from Egypt and have been affecting the time line of Ghana. And as a result the time table of the nation and time table of the sub region and the world - that is why there was an altar from Egypt set on the time line not too far from Peduasi lodge. It is important that this is dealt with.

Everything that has been contrary to God in this nation, in your life, in your family is about to be broken.

I had already started my prayer I was concluding when this came.  
(The prophetic action with the pot and fire)

Psalm 18:28, Proverbs 20:27; **As He lights your candle every darkness is dispelled.** There was supposed to be trumpets and a pitcher with a candle inside. We could not get a pot we got something like a pitcher (Judges 7:7-18) He said watch me, and as I do so shall you do with the people in your camp. We are supposed to light the candle put it in the pitcher, and break.

We declare your light to shine like never before. We declare your candle lit. Father you light our candle. You light our darkness from this day. We declare from this day, we entered into another level.

In the name of the LORD Jesus, from this day anything the enemy has ever used to oppress your people, to keep the people in bondage, things I see in mountains and caves against your people like it was like the Medianites, the Amorites, the Amalekites did whatever they were doing oppressing your people and destroying your people. Whatever the Amalekite and Amorite and Eastern people were doing to oppress our people whether our family life, family lives, individual lives our ministerial lives, whatever it is , let the refuge of lies, the covenant with death, agreement with hell be broken (broke the pitcher) in Jesus Name. We declare them broken and destroyed. We declare from this day everything that has held you people bound is destroyed by the power of Jesus Christ. We speak the same now for the various community assemblies of Logos-Rhema... for Adenta community, Odumasi, Nima and concerning Christendom, the people of God. Arise and defend your cause, arise and defend your portion. ...

Father those who have decided that they will drink blood they are going to drink their own. Those who have decided that they wanted to sacrifice your people - I see that they have given a number 500 souls. I declare none of these ones shall go. Father I see that there are places in Kenya that have been asking for blood also they have said for the next 6 months, every week they want some blood. I declare this prophetic act affects Kenya. Father we will not be surprised if some of those leaders calling for such blood will end up having to go if they do not repent in the name of the LORD Jesus Christ. We declare that settled and established in accordance with your plan and settled. Arise and defend your cause in the name of Jesus Christ.

We give you praise and glory we say there will be nothing left that they can even use in the future.

Even that which is left, even broken lives will be useful in Your hands and so from now on the fire of the LORD will break every residue of the forces of darkness and confinement and the boxes that have been used to limit your people. Therefore, Arise O God. We say a Sword for the LORD and a sword for Abu Bako (say your name). A sword for the LORD and a sword for everyone represented here. We declare that there is a smashing of everything that is a residue or left over in the name of Jesus.

Father even so, we give you honour and glory in Jesus Name. From this day, let it be evident that, that which you said is truth, as your people begin to experience the reality. It takes just obedience to see the good of the land the goodness of the LORD in the land of the living. We thank you. We give you all the glory in the name of the LORD Jesus Christ.

If you don't understand what happened, God just took over and dealt with all issues in one blow. I wanted to pray for individuals and families but He said everything that had contained you is finished. Father I give you all the glory, all the honour, majesty, dominion and adoration belong to you. Take all the glory, take all the honour in the name of Jesus Christ. Amen.
