

## **PRAYERS FOR THE LESOTHO JUBILEE SEASON**

The Jubilee season is upon our nation Lesotho, it is a defining season and a time when God will begin to move the nation to a new level it has never experienced before. This wonderful new season actually began to take effect over the nation at the end of the 49<sup>th</sup> year. The nation will enter her 50<sup>th</sup> year on October 04 2016.

There have been various prayers going on for the nation in preparation for this season. Indeed, the LORD has a new thing He is already doing and it shall become more and more manifest as the nation walks deeper into her Jubilee season.

Lesotho gained independence from Britain on 4th October 1966. This year 2016 Lesotho turns 50 fully entering this new season as a nation.

The decision where this nation will go is in the hands of Kingdom Citizens – those who are called by the name of the LORD, and understand their position and role in the kingdom of God. We trust God that this nation will turn to the way of the LORD and not the ways of the world systems?

Will believe our nation will operate on earth as it is in the kingdom of heaven because as kingdom citizens we shall take our place as true representatives of God the Possessor of heaven and earth. As the body of Christ we shall ensure all the gains the nation has made in small measure as first fruits of the jubilee shall come to full fruition?

- ❖ Read Acts 17:26-27. Praise the LORD that on 4 October 1966 it was His pleasure to recognize the boundaries of a new nation in Africa – Lesotho. Thank Him that it pleased Him to locate Lesotho in the southern part of Africa. Thank Him that it is He who allocated Basotho people in 10 districts to begin the journey of nationhood.
- ❖ Thank the LORD that today, 50 years later, Lesotho has gained a lot of ground in development at every front. Thank the LORD for 10 districts and nearly 2 million people who call themselves Basotho by divine design and not by accident
- ❖ Thank the LORD for the privilege that Lesotho and South lived together peacefully for the past 50 years.
- ❖ Thank the LORD for every valley Lesotho descended into, every mountain the nation climbed, every crooked path and rough place the nation traversed over the past 50 years to reach where it is today.
- ❖ Praise the LORD who has visited Lesotho time and time again in spiritual, and socio-economic revivals making Lesotho an example to be emulated in various fronts including the anti-AIDS campaign and political stability.
- ❖ Lesotho is ending an old season and entering a new season which she has never entered into before. The blessing of the jubilee and all virtues of that season are given by the LORD freely. They are enjoyed to the maximum by all who will receive and steward them into their full potential. Proclaim Isaiah 61 over the nation.

The LORD uses this Jubilee season to level the playing field for all in society. Where some had too much and others had too little, the LORD requires that there be

- A returning of fortunes,
- A waiving of debts,
- Release from bondage,

- Returning people to their inheritance both within the nation and the without - Aliyah of Basotho's from diasporas and the departing of some from Lesotho to their own inheritances. Favour of God and vengeance,
- Rest and rejoicing for all.

This feast of the LORD is not "Old Testament" belief. It is a very real experience which the nation can enjoy if the Body of Christ of Christ will steward the season effectively. We have been mobilizing prayers for many years for Lesotho the nation enters her jubilee; and we can testify that God has shown the virtues of jubilee happening.

- ❖ Thank the LORD for freely giving a new beginning to territories through the jubilee. Thank Him particularly for the new beginning He is giving in every gate of society in Lesotho.
- ❖ God intends to completely change the dynamics of every gate of society<sup>1</sup> in this nation. God has been speaking about new beginnings at every level. Thank Him for the opportunity to be part of those who have been preparing the nation spiritually to enter into her jubilee.
- ❖ Thank God for the jubilee changes that had begun to be seen in the nation in the past few years.
- ❖ Pray that Lesotho will be sensitive to see where the hand of the LORD is moving in the nation, taking her into the fullness of her jubilee.
- ❖ Pray also that the LORD will find in you a vessel worthy to steer the nation into various levels of jubilee in the gate of society which you represent.
- ❖ Pray that the LORD will put His word in your mouth and lay His hand upon kingdom citizens in Lesotho so that on a regular basis, they can plant the heavens over Lesotho and lay the foundation of the earth, shaping each day of the season. (Isaiah 51:16)
- ❖ Pray that the LORD will give us the words to speak into the womb of each day of this new season so that each day will declare the glory of God and each night will display divine knowledge and wisdom of God. (Psa19:1-2)
- ❖ Speak into the womb of the season and declare that indeed this is the jubilee of a lifetime and Lesotho shall rejoice and be glad in it.
- ❖ Lesotho has begun to enter in. The nation is asking, who will bring me into the strong city? (Psa 60:9) Who will bring Lesotho into the strong season? Only the LORD can bring a people into a strong season and He must use His ambassadors on earth – the Body of Christ. Reject every other counterfeit spirit trying to manipulate these significant days so as to gain unfair advantage, and draw strength and power from the elements of the season. Blot out their records, voices, activities, and plans with the blood of Jesus. (Col 2:14-15, Heb 12:24)
- ❖ God is looking for pathfinders for the new Lesotho. He is looking for people in every gate of society. Pray that those who have yielded to His preparations for this season of the jubilee shall be found in place to effect the necessary jubilee adjustments for the good of the entire nation.
- ❖ There are people whom the LORD has kept hidden in the wilderness as He shaped them and moulded them into transformation agents. Though they were hitherto unknown, pray that in this jubilee season they shall be made manifest. Pray also concerning any hidden talents, callings,

equipping which were reserved for such a time as this, to begin to be fully exposed for His glory in this season.

- ❖ Do you desire to be an effective son of the jubilee season in your gate of society? You can begin with acquiring adequate knowledge and understanding of the season.
- ❖ The government and various other organizations in Lesotho have organized several events to mark the jubilee independence celebrations. Pray that every gathering, every God ordained event will be brooded over by the Holy Spirit and strong angels will watch and protect every person and location during the hectic events.
- ❖ Thank the LORD that as the nation gathers to commemorate this jubilee it will be ushered in by a prayer. Pray that indeed the LORD will be glorified by every tongue, every reading, every word that will be spoken during this jubilee.
- ❖ Pray that the burden of the LORD for Lesotho will be uttered clearly and articulately we to speak to creation in the nation.
- ❖ Pray that this burden which should be carried by the LORD's priesthood in the nation, shall be received, carried and midwived into full birth and fruition. (Num 11:16-17, Joel 2:28)
- ❖ Pray that every divine connection he will be required to make shall be made and every divisive or hindering influence shall be cut off.
- ❖ Pray that every detail that every virtue, every deposit that must be released over Lesotho by the LORD's vessels shall be deposited, and every blessing, and virtue that Lesotho must release to the ecclesia shall be received in its full measure.
  
- ❖ Pray that as the Word of the LORD and the prayers go forth, there shall be a circumcision of hearts and even those who diligently seek the to know God but serve other gods will be convicted and get a revelation of the risen LORD Jesus.
- ❖ Pray through Isaiah 60:18-20 concerning every man of violence. There are other avenues of resolving unmet expectations rather than through violence. Lesotho shall no more crumble into needless violence in this jubilee season.
- ❖ Pray that the walls of the nation will be called Salvation and the gates praise; so that everything that does not bring praise to the LORD, foments violent talk or action that does not offer redemption and peaceful solutions shall be silenced as the LORD utters His majestic, All powerful voice over the nation in this jubilee season
- ❖ There is need for sanitization in the Body of Christ. Lesotho has experienced a lot of corruption of morals because it has found place in the Body of Christ. Biblical sanitization is required in this season. Pray that the LORD will address this issue through His vessels.
- ❖ Pray that the prophecy concerning nations in this season, will take hold starting in the house of the LORD. There shall be repositioning, reawakening, shifting, shaking, and sifting... so that the pure wheat can be separated from the chaff and the Holy Spirit will winnow away every defilement. The result of which will be revival.

### **What happens at jubilee**

- ❖ **Revival** is a virtue of the jubilee. Pray that as the nation enters her jubilee marked by our prayers, there will be a re-digging of the wells of revival in the nation to spread throughout the region and be spring-boarded throughout Africa to the ends of the earth. Isa 58:12-14

- **Rebuilding** is a virtue of the jubilee. Pray that in this season of jubilee, the LORD will cause you to rebuild any broken or wasted place of your life. Where there has been break down of health, wealth, relationships, communication with those He would have you connect with, may He rebuild in this new year of your life.
- Pray for the rebuilding of old desolations in the nation. There are things that are old and wasted away e.g. industries that closed down long ago and have no hope of being rebuilt, institutions of learning which are on the downward trend, infrastructure which we cannot imagine ever being rebuilt e.g. access roads in the countryside and in residential areas, drainage systems, expanded water system, reforestation, rebuilding of national assets which have run down. God can revive the wasted desolations.
- Pray for the revival of broken down waste places. Pray that the LORD will provide for wisdom and technology that will rebuild the waste places
- Pray that the LORD will give wisdom to rebuild the wasted desolations e.g. old disused quarries in the nation, old disused mines that are no longer functioning. God can give wisdom to rebuild those type of desolations.
- Pray that the LORD will give wisdom on how to rebuild the broken down relationships that are as a result of old feuds in the family, tribe, Body of Christ and nation.
- Rebuilding: Pray that Basotho's will not only rebuild their life, but will become a rebuilders of the desolations and waste places in other people's lives, in the place of work, in the Body of Christ and in nations. He will give the skill and wisdom to become a rebuilders of the hedge. (Isa 58:12-14, Isa 61:4, Eze 22:30)
- Pray that God will raise nation-builders, real Masons – sons who will rebuild Lesotho according to the original pattern of the city whose Architect and Builder is God in the season of Jubilee. These are the only kind of people who can counter the “free” masons who pretend to build according to the patterns of the “chief architect of the universe” Lucifer. These have arisen where there was a void because the Body of Christ shied away from actively being involved in the building of the nation from its onset.
- Ask the LORD to help the Body of Christ as a whole to come together and present their own long term goals – millennium development goals for the nation. We are trying to fit ourselves into a vision which is designed with inspiration from man and the kingdom of darkness no matter how good it looks. (Isaiah 49:8, Ezek 36:10, 33)
- Lesotho, like the rest of Africa has experienced a lot of breakdown in every sphere of society. Age old ruins. Pray that the LORD will raise rebuilders of old waste places, harnessers of human and natural resources for the benefit of all (Isaiah 61:4-7)
- Pray that Basotho's will experience a season of rejoicing despite every trouble that they may be facing. Pray this for marriage, family, workplace the nation
- **Repentance:** Ask the LORD to forgive where the People have gone astray from Him in this season. Ask that the spirit of repentance will be upon them heavily, concerning life, family, the Body of Christ and nation. (Job 36:10-11, Isa 59:20-21, Eze 18:32)

- Read Psalm 51. Pray that the LORD will release a spirit of grace and supplication upon the Body of Christ with regard to the Great Commission, repenting and interceding for the lost in the nation.
- Repent of ignorance of the truths concerning the seasons which the nation is entering into and have been ignored by the Body of Christ.
- Are there areas of repentance you need to deal with in the territory you are in? Are there sins that have been committed that may affect the people's entry into this new season? Is there a cry from the earth because of bloodshed through war, ancestral practices, and witchcraft? Bring it all before the LORD in repentance
- **Restitution:** pray that the LORD will bring back to mind, any area where that Basotho's need to do more than repent. Ask that He will show where people need to retribute - returning that which they took without permission, no matter how small it may be.
- Pray for the restitution of that which has been taken away from the nation – restitution by government leaders who abused their position, and have taken national resources for their own good.
- Pray for Restitution of national resources that have been virtually stolen by investors who come and give a raw deal to the government and the nation in return for a pittance.
- Pray for restitution of aid finances that have been given to the nation for a specific purpose and has been diverted for selfish individual purposes
- Repent of and pray for restitution by Body of Christ leaders who have abused their position in the house of the LORD and taken that which is meant for the house of God especially aid that came to the Body of Christ, offering and tithe, opportunities which were meant for the destitute among them and used them for their own personal gain.
- Ask that the LORD will cause the same to be done to each person especially kingdom citizens. Where they were swindled, or someone stole what belongs to them, even what they are not aware of, spiritually or physically, they shall return it back in full measure
- Pray for restitution of every virtue that was taken away through witchcraft, ancestral worship, ignorance, force; whether stolen youth, stolen virginity through rape, stolen health, wealth, joy, strength, favour to be restored to you.
- Restitution of the years, that the cankerworm has stolen. Stolen seasons, stolen purposes that were supposed to be fulfilled in particular seasons. (Joel 2:25)
- **Redemption:** Ask that the LORD will in this season give Kingdom citizens in Lesotho the desire to see the redemption of those who do not know Him in family, place of work, Body of Christ, and nation.
- Pray that you will have a burden for prayer evangelism – praying for those who are lost in sin, and for actual evangelism to reach lost souls where He allows you to be (Pro 11:30)
- Pray for the Body of Christ to go back to the spirit of soul winning and evangelism. Many in the body of Christ have lost focus on the Great Commission and the whole purpose of Jesus Christ coming to earth – to redeem the lost and bring them back into destiny

The enemy recognizes the vital season that Lesotho has entered. He knows that there is need for preparation toward the Jubilee years before its onset. Therefore, prior to now he has done

everything in his power to derail the Body of Christ and the nation from being focussed on God's bigger picture concerning the jubilee releases He is about to bring to the nation. Unfortunately, the Body of Christ has bowed to the enemy's commands and dictations. People were lost in party spirit, denominational division and prosperity gospel rather than steward the season to its fullness.

- Pray for the leaders in the Body of Christ. There are too many who are spiritually childish, refusing to work with others because of little or big offences, too much ungodly sensitivity to offence and hurts which cause division and lack of unity, too many who do not see beyond their own immediate gratification.
- Pray for yourself, for the family and the Body of Christ that God will help us to really grow up and steward this season not just for Lesotho but for the region.
- Please ask yourself at all times when you feel an offense threaten relationship with other kingdom citizens; if you withdraw or refuse to join hands and do the work, at a national level, if you decide to work only with those who are understand or appreciate you, which kingdom is gaining? Which kingdom is losing? If we want His kingdom to come, it must come to superimpose the one on earth which is according to His pattern in heaven. Which kingdom has gained from your bitterness, offence no matter how right you are? Pray that the LORD will redeem you and the Body of Christ at large in this season.
- Ask the LORD to help you break the boundaries in your heart so you can reach out to work with all who are called by the name of the LORD. Ask Him to help you see beyond the weakness and failures of others around you, to His greater purpose for the nation and region.
- **Return to inheritance:** Ask the LORD that in this season, any portion of inheritance that has been lost, that He will begin to return it for yourself and their descendants (Psa 126)
- Pray that the LORD will provide you with an inheritance which you will leave to your children.
- Pray that the nation will receive back the inheritances that God gave it, which have been taken away or sold out for a pittance by selfish leaders.
- Pray for inheritance within your family which has been lost or is locked up in courts or being battled over.
- Pray concerning the squatters. It is not possible for people to belong to a nation and still be squatters. Pray that the LORD will raise jubilee leaders starting in the Body of Christ and in every gate of society, who will sort out any matters concerning land issues so that there will be no squatters in the nation
- Pray that the LORD will provide kingdom citizens with a portion of real estate where they will be able to have their own house so that you are no longer squatting in terms of paying rents and mortgages.
- **Return to place of inheritance.** Ask the LORD that if there is any way which you have dislocated yourself from the place which is connected to your inheritance, He will reconnect and relocate you.
- Pray that those who are to benefit from connecting with Lesotho and its people, will begin to be manifested. Those whom we are to benefit from will also come into our life so you connect to that inheritance.

- Pray for the Body of Christ that they will return to their place of inheritance especially where they have derailed from the way of the LORD.
- Pray that those who are meant to return to their own inheritance from Lesotho will leave during this jubilee season.
- Pray that those who are meant to come to Lesotho, both basotho's and other foreigners for this season will come.
- Repent for areas where Basotho's have treated the alien, the stranger and the widows and orphans from other nations badly. There are times when we got weary of foreigners from the neighbouring nations. We misunderstood their trauma and its outworking and paid back evil for evil. Many times as an individual we have had unsavoury things to say about other nationalities who sought refuge in our nation. Bring these issues to the feet of Jesus. Let it not be said by him that "when I was a stranger you turned me away." Prov 11:25 says whosoever gives to the poor lends to the LORD. Repent for where you have missed your blessing by seeing only negative in foreigners and refugees.
- Ask the LORD to remember our nation for opening up our doors to those who have been distressed. That any act of mercy and kindness that was extended will be rewarded. Pray that truly the LORD who is no man's debtor will repay with kindness to present and future generations of Basotho's for the kind actions toward strangers.
- Pray for the return of many Basotho's who have been living outside the nation yet they are meant to be back in Lesotho. Pray that there will be an Aliyah of Basotho's who have been seeking greener pastures yet their destiny is tied to this nation. *(Please note that there are some who are destined to be a blessing to other nations just like Joseph of Egypt in the Bible)*
- **Release:** Ask the LORD to release Basotho's from all manner of bondage that may be attending them. From the bondage of spirit, to any bondage in the mind and intellect, and physical bondage to sickness, bad habits, addictions, ungodly covenants. Pray this for family, the Body of Christ and nation (Lev 25:10, Isa 61:1b)
- One big challenge even the most sincere Africans and Basotho's too have is a party spirit. It manifests in negative tribalism, sectarianism, denominationalism, etc. This cannot be broken except that the LORD does a work of breaking the barriers that are within the hearts of His people. Ask the LORD to examine you in this season. If you will be a Jubilee son, you must recognize yourself first as one who is manifested from heaven, representing God and then all other compartments into which you fit your life. All those things are meant to enhance your service to God, and not hinder it. pray for a release from every wall of division raised in your heart. Pray this for your family, Body of Christ and nation.
- Release from the curse of the Midianites, the Amalekites and children of the East. (Judg 6:1-5). Ask the LORD to release you from every curse of abortion and of loss of that which is about to be harvested, or brought forth in every area of your life. Pray this for the body of Christ and for your territory
- Pray that the LORD will release the nation from every curse of aborting God's purposes with regard to the constitution, abortion of His purposes concerning raising Jubilee leaders who will take Lesotho to a new and higher level which they have never experienced before.

- As the Body of Christ goes, so goes the nation. Every vice you see manifested in the nation is first developed in the Body. Every good thing you see in the nation is first birthed in the Body. This is how instrumental the body of Christ is to God's purposes in the nation. We are His ambassadors. We must reflect in the body what we want to see in the nation. Every unity or disunity, corruption or integrity, greed or generosity, lying spirit, or honest spirit is released first from the pulpits before it is manifest in the government or politicians. In this season pray that the body of Christ will take this burden of the jubilee first and live it before we can share it to the outside world.
- Pray for the leaders in the Body of Christ because even the presidents sit under a pastor. They listen to spiritual leaders. Pray for a raising up of jubilee pastors, of jubilee leaders in the Body who will steward the purposes of God for this nation. God is not looking for quantities. He is looking for quality. Neither does the LORD start with crowds. He starts with a remnant. As you add your voice to this move, the LORD will do exploits through you, and you will harvest what you have sown into this key season.
- Pray that the LORD will raise good steward leaders in the nation who will release the potential resources that are locked up because of any poor stewardship or selfishness in the leaders who have been in the nation before.
- **Resurrection:** Ask the LORD that in this new season, the areas of your life which have been dead, or considered no longer useful, yet are supposed to be functional, will begin to receive the jubilee resurrection. Pray for resurrection of divine connections, resurrection of your financial status, resurrection of your intellectual capability, resurrection of your spirit man, resurrection of talents and gifts that have lain dormant. Pray this for the family and Body of Christ.
- Pray for the resurrection of the education system and the science and technology area. Pray for resurrection of moral arts sports and culture spearheaded by the Body of Christ. Unfortunately, while God has blessed the Body of Christ with great resources, and many have started educational institutions at various levels, there is a sad and deliberate lack of Kingdom culture and ethics being encouraged simply because Kingdom citizens are trying to compete using worldly standards. We think that lowering our moral standards will attract more people. Yet other religions do not lower their standards at all. In fact they will even require students to wear their religious garb and observe their holidays. If you examine well, you find that the schools which have observed strict Christian morals perform best and attract even more people than any other. Pray for a resurrection of Godly patterns in these three areas.
- Pray for a resurrection in the area of family and marriages. There is a deliberate and determined fight against the foundation of the nation – the family unit, starting from marriages. There is so much licentiousness over the airwaves encouraging loose sex, frequent partner changes, divorce, separation of the parent child relationship. Pray that God will in this season raise strong alternative media in the nation to give people God's perspective and solutions on all these areas concerning marriage, relationships and family care. There is a gaping void. Pray that God will raise media specialists in every tribal group to take the Great Commission in all its forms to the ends of the nation.
- **Restore:** Pray for the restoration of dignity, restoration of health, restoration of beauty, restoration of that which is aging with time. Pray that Basotho's will get better and better, healthier and healthier, stronger and stronger as the years that the LORD is giving. God will restore the lost and

wasted years of life. Pray this for family, Body of Christ and nation (Joel 2:25, Isa 61:3, Isa 60:13,16)

- There is a depletion of our snow-capped mountains, our forests, rivers, lakes, natural fauna and flora, the natural heritage of wild animals in our national parks and game reserves, depletion of soil because of ungodly agricultural practices. God is able to restore all these things. It is He who created them and in Psalm 104 the psalmist extols the God who restores that which has been depleted in every area of life. Pray for restoration of our ozone layer and the snow on our mountains, restoration of the land that is becoming desert. Pray for the restoration of our climatic patterns to go back to the original. God has done this before in the western world, He can do it for Africa, and for Lesotho. If we say “Thy kingdom Come” then we expect Him to bring that original patterns of His kingdom to every aspect of our nation in this jubilee season in the nation.
- Pray that God will not only restore all creation in the nation, but He will cause the Body of Christ to gain more wisdom concerning how to multiply and replenish the earth, rather than multiply and depleting it as is the pattern now. Pray that God will raise sons in Body of Christ who will teach the people on how to replenish in every area of creation, and in every gate of society, so that we shall leave a replenished and better earth for our children and those who come after them.
- Pray that the LORD will help the Body of Christ to be teachable in this areas of restoration and be willing to change quickly when God brings revelation.
- **Recovery:** Pray that the LORD will cause Basotho’s to recover that which has been plundered from them in every area of life in the jubilee season. It will be a season to pursue, overtake the enemy and recover all that has been lost in the past season in life, family, and in the Body of Christ and nation (1 Sam 30:8, Gen 14:16)
- Pray for the season of recovery of kingdom patterns for all 8 gates of society.
- **Relationships** Ask the LORD to touch Lesotho’s national and individual, family and community relationships in this new season. Ask Him to help start on a clean slate, at a better level of relating with all. Ask for healing of broken relationships. Ask for strengthening of existing relations in the family, the work place, Body of Christ etc. Ask that He will show us how to love with His unconditional love especially where we have been exposed to the other party’s worst.
- Pray for the relationships between our political leaders. There has been a stretching in that area, and the Body of Christ has not been a strong voice in bringing sanity to the situation. Pray that God will give our Body of Christ leaders wisdom to steward and disciple our political leaders in the area of relationships. It can only be done when we have the will to work on our own relationships within the Body of Christ.
- Pray concerning the relationship between Lesotho and Israel. Pray for an understanding of Israel’s position in the purposes of God in these times of the Gentiles. Pray that the body of Christ will open herself up to this. We cannot claim the salvation (which Jesus himself said belongs to the Jews first, in John 4;) or the Jubilee blessings which were released first to the Jews, then reject the people whom God considers His first born.
- Repent where there has been a replacement theology. It is unbiblical. Ask the LORD to open you up to see His heart for His first born in this season.

- **Revenge:** Pray that as the jubilee blessings begin to be released in the nation, it shall be a day of vengeance for the LORD for those who have stubbornly refused to repent and continue to cause untold destruction of these nations. Whether it be the leaders or people with vested interests from other nations, God will release the evil doers into their season of judgement.
- It is not only the year of God's favour, but the year of God's vengeance. As it is evident, God has been speaking concerning the season of Judgement of thrones in Africa. He has allowed various circumstances to pursue our leaders deliberately as He prepares to redefine the foundations of His throne which are righteousness and justice (Psa 89:14, 97:2). It means that wishing away the events that have occurred or rebuking them or casting them out will not work with the Judge of the earth. There must be justice and righteousness in every foundation because the foundation of His kingdom is righteousness and justice. That is why it is also a season of repentance and restitution. If there is need for restitution and repentance, as long as the earth continues to cry out against the injustices and bloodshed in the nation, there must be vengeance from the LORD. Therefore, ask the LORD how He will have you pray concerning the issues of vengeance

Continually and constantly pray for the nation with awareness of the season which Africa and Lesotho in particular is entering in. The more you prepare, the more you will make yourself a vessel through whom God will express all the virtues of the Jubilee. Pray these prayers in your individual time, in your family altar, in your fellowship meetings, in your office, teach them to your children in their schools, and other educational institutions, pray them in the government offices and let every Basotho pray and usher in this season which is a FEAST OF THE LORD and a free gift given to ALL who will open their arms and receive it.

Beyond that, pray for the Southern Africa region and other nations of Africa which have all entered into their jubilee seasons. Pray that they too will begin to enjoy these virtues. Why? In the spiritual realm, the enemy will see this level of prayer go up and will call for reinforcement to quell and hinder your prayer any way he can. He already started.

In such a case you find that you go the opposite direction of the jubilee virtues because you were trying to be selfish with a free spiritual gift.

Do not keep knowledge of the Jubilee to yourself. Do not try to gain an "upper hand" spiritually by hiding this knowledge from as many as will hear you. Spread the message. Let heralds be sent all over the nation to share about the Jubilee. Let there be a targeted campaign concerning teaching as many as possible concerning the jubilee. We have seen in the various nations over the past three to five years how God has been able to turn the fortunes around in every area of society as He brings forth the jubilee virtues to pass. AS many as have prayed can testify of this. keep the jubilee flame alive.
