

PROPHETIC PRAYER AT THE PRIME MERIDIAN TIMELINE TEMA GHANA 01 JANUARY 2014

THEME: A NEW DAY DAWNS

The Bible says in Psalm 19 concerning the heavens i.e. the heavenly bodies including the sun, moon and stars that their **line** has gone out through all the **earth** and their **words** to the ends of the **world**.

The heavens carry out the 8 fold governance of the times and seasons (Gen 1:14-17)

1. To divide the day from the night
2. To be for signs
3. For seasons
4. For days
5. For years
6. For lights in the heavens
7. To rule the day
8. To rule the night

The main latitude line is the Equator which lay on latitude 0° . It divides the northern and southern hemispheres. The equator runs across the center of the width of the earth. It is the gate of the seasons. The other two major latitudes are the tropic of Cancer in the northern Hemisphere and the tropic of Capricorn in the southern hemisphere. Depending on sun's position over the latitudes, then it determines what the seasons will be on earth.

The longitudes mark the passage of time including the hours, days, months, years. The main longitude line is the Prime meridian 0° from which the moon governs world time zones It is the Gate of time. The other major time line is the International Date Line where the dates are marked.¹

It was on the Prime Meridian timeline that a prophetic prayer meeting took place on 1st January 2014 to mark the first of the two new beginnings at the new moon which occurred at 11.14UTC. The second new moon of this month will occur on 30th January at 04.40UTC. It was to seal the covenant action taken at the Possessing the Gates service of 31st December 2013.

These are a portion of the prophetic utterances. Therefore virtual partners who could not participate physically are encouraged to tap into the release that occurred as you read along and pray as the Holy Spirit leads you.

¹ METAPEDIA defines Geographic latitude and longitude as follows:

Main articles: Latitude and Longitude

The latitude (abbreviation: Lat., ϕ , or phi) of a point on the Earth's surface is the angle between the equatorial plane and a line that passes through that point and is normal to the surface of a reference ellipsoid which approximates the shape of the Earth. This line passes a few kilometers away from the center of the Earth except at the poles and the equator where it passes through Earth's center.[n 2] Lines joining points of the same latitude trace circles on the surface of the Earth called parallels, as they are parallel to the equator and to each other. The north pole is 90° N; the south pole is 90° S. The 0° parallel of latitude is designated the equator, the fundamental plane of all geographic coordinate systems. The equator divides the globe into Northern and Southern Hemispheres.

The Longitude (abbreviation: Long., λ , or lambda) of a point on the Earth's surface is the angle east or west from a reference meridian to another meridian that passes through that point. All meridians are halves of great ellipses (often improperly called great circles), which converge at the north and south poles.

A line passing near the Royal Observatory, Greenwich (near London in the UK) has been chosen as the international zero-longitude reference line, the Prime Meridian. Places to the east are in the eastern hemisphere, and places to the west are in the western hemisphere. The antipodal meridian of Greenwich is both 180° W and 180° E. The zero/zero point is located in the Gulf of Guinea about 625 km south of Tema,.

DELA

At the new moon and full moon most companies in the world release their new innovations. They are buying into what God has said that the sun shall be governor over day and moon shall be governor overnight. They employ principles God has established. The bible says I have set man over all creation take dominion. So we are here to instruct every part of creation for them to subdue them to do the will of God for the next 19 years at least. So it is very significant to be here at the new moon.

God told Jeremiah, tell Baruch your scribe, that he should write it on a scroll and later He said in Jeremiah 51:63-64

Jeremiah 51:63-64 Common English Bible (CEB)

63 When you finish reading the scroll, tie a stone to it and throw it into the Euphrates River. 64 Then say, "In the same way, Babylon will sink and never rise again because of the disaster I'm bringing against it."

This was a prophetic action.

The abundance of the sea shall be gathered unto you.... Did pastor talk about wealth? The abundance of the seas will be gathered unto you. Those who come to me, I will show them deep things. I will take them deeper.

That stone (in the water off the coast of Tema - The speaker pointed to the stone) is longitude 0⁰. Time is derived from here on this earth. That stone and Ghana is the first land that longitude zero meets in the whole world. Psalm 19 is practically expressed here. It says their line have gone out through all the earth. It can be New Zealand or Alaska - GMT 0⁰ is the time. Others subtract or add. Anything you say here on the timeline will be repeated around the world in 24 hours. But this is the beginning.

As the year 2014 enters, five supermoon dates are expected and the first one will be on January 1. January 1 will have the first new moon of the month before another one, which will be on January 30 making January 2014 the only month with two supermoons until January 2018 according to EarthSky.

So we want to begin the year, this new moon appearing on New Year's Day will not happen again until 2033. That is 19 years from now. Some of us will be 70 or 80. You have to do something for your posterity. This is the gate on which standards are set. We want to set a standard in this new year, in this season for the next 19 years. This is the beginning.

Anytime God appeared to the patriarchs they raised an altar. In your office, in your business, in your home etc you must raise an altar. Abraham offered sacrifices to God. So especially for the 24 elders the 50 sons of prophets, the 72 elders in the land, the 120 upper room experience etc. If you are a part of it then that is the sacrifice. As you are led, raise an altar on your sacrifice based on what He told Pastor Abu. We believe God that He will show us what it means; the power to make wealth the wisdom to make wealth, the scepter to rule in wealth.

God has given people scepters to rule in wealth but they are not manifesting the full manifestation of that scepter. This is the time and this is the season. So these are basically some of the things that Pastor Abu spoke about.

Covenant with day and night, the fact that we should not be distracted by what is attracted to you, and we have to deal with greed and selfishness because what God is bringing is because you are a distributing agent not a consumer. You are a warehouse not a kiosk. You redistribute what God is going to bring. It is based on these principles that you raise altars. You say God based on this word I raise this altar, and whatever you bless me with 70% or 50% I give it to you. That is when you are ready for an altar, a covenant. He says the covenant with day and night will not break. Job 33:12 we always proclaim it. We wake up in the morning and instruct the dayspring. We are going to start bi-monthly meetings which will involve those who pledged during the 7 day fast and all the people who entered into the covenant last night. We will pray on the new and full moons. That is the way to establish God's dominion on earth. If you want people to hear about you just pray Psalm 19 because the voice will be heard everywhere.

The Bible says the sun is the governor of the day. If you go to any territory and have no permission from governor - especially when those from the other side are instructing the governor to do otherwise, then if you allow yourself the sun can smite you by day and the moon can smite you by night. In Isaiah they say the monthly prognosticators who make predictions month by month. What are you speaking and instructing the new moon to declare on your behalf? So that is how to know and establish God's dominion. One Freemason spoke and said if Christians understood their power and what to do with the new and full moon they will rule the earth. Those who know their God will wax strong and become great. We are going to establish God's dominion. You will not succeed because you allowed it. This year nothing can stop you. It is not by might or power but by the Spirit of the LORD. So we want to begin to pray. We heard what was spoken yesterday; just go ahead and begin to pray into it and declare LORD let this gate carry my voice to the ends of

the earth. Carry that covenant that we entered into and let that which you spoke concerning my life, this nation, this continent begin to unfold from today in the name of Jesus.

BRO EDDY NYARKO

This is the gate of time. When Queen Elizabeth came to Ghana her husband came to this location. It was written in the newspaper that he took a royal walk at the Prime Meridian Time line. The Ave Maria wellness center is located at the time-line. The throne of the Queen of England is located there. Years ago this is where she came to do meditation. When we entered the millennium in 2000 the Queen came to Ghana with her husband and they were here at this location where we are today.

Ghana is the physical center of the earth.¹ In divine geography Ezekiel 5 says Jerusalem is the center of the earth but physical geography puts Ghana at the center.

Man must take charge of the entire earth. By this prophetic act we are doing today - we take two diplomats and we prophetically declare that there is a highway officially constructed from the womb of time between Africa and Israel.

Ezekiel 37.19 –together Africa and Israel we are prophesying that so it shall be in the eyes of the LORD as one stick.

Heavenly Father as a nation whatever we have done against your counsel on behalf of Israel we bring repentance on behalf of this nation from colonial days to this time in the name of Jesus. And as we were taught covenant last night, covenant of the day and night your Word said as long as the covenant with day and night cannot be broken there will not be difficulty in finding somebody to sit on the throne of David. O land of Ghana, O land of Israel it is by God's will you are placed at the center of the earth. With this prophetic act we covenant this nation to the God of Abraham, Isaac and Jacob. The covenant blessing of the land of Israel that is meant for Israel by the construction of this highway, we declare it established, these blessings will flow to Ghana, to Africa. The angels assigned over the land of Israel and the land of Ghana will be more active than ever. We open the gates of the economy of this nation to that of Israel we open the gates to the political system of Israel to that of Ghana.

For the Bible says in Isaiah 19 there shall be a highway from Africa including Ghana to the realms of those in the Middle East including Israel. Scripture says Africa my people Israel my inheritance, the highway of the lord is constructed. O you sun and moon bear witness to this in the name of Jesus. Let every water body in this nation come under the influence of the blood of Jesus shed in Jerusalem. May the power in that blood cover the water bodies in Israel and in the land of Ghana in the name of Jesus. May everything in this nation be influenced by the power in the blood of Jesus in the name of Jesus. Any time the covenant blessing is released to the Jews wherever they are, may Ghana receive a covenant portion in the name of Jesus. O land of Ghana by the Word of the Lord this covenant between you and Israel shall never be broken. Ghana will find favor with the God of Israel, the God of Abraham, Isaac and Jacob.

O land of Ghana, we declare today your boundaries will never be closed forever to the Jewish people. Every road God had ordained in His plans we declare established. Even Assyrian we block their gods from coming along with them in the name of Jesus.

We thank you Father we give you the praise. You put Jerusalem as the [spiritual] center of the earth and Tema as the [physical] center of the earth. To Him be the honor forever and ever. We release every mineral that must be found by this relationship. Let every role the Jews have to play in these minerals and by extension every land in Africa let there be a release now in the name of Jesus. May the God of Abraham will cause the people of Africa to find favor in the sight of the Jews in the name of Jesus.

There are two representatives from the Department of foreign affairs here. We pray that this prayer will begin to effect changes from the presidency to the ministry to every part of the nation.

Father in the name of Jesus we thank you that the blood of Jesus Christ has purchased every nation and these nations that you have put at the center of the earth. This covenant can never be broken, as your covenant with day and night so this covenant will be. Time is in your hand. Land of Ghana, your time is in the hand of the God of Abraham, Isaac and Jacob. By extension, it means our covenant with day and night is in the hand of The Lord. Therefore we prophesy and declare here what God has joined together let no principality of freemason, of illuminate, of new age can put asunder in the name of Jesus. Every revelation from the counsel of God that must come to be in the land of Israel we call it to be. Every son of God, daughter of God that must arise - every cloud of manipulation they are out of that cloud. Every nation in Africa we call you out by this covenant and we declare by the voice of the blood there is liberty in the

name of Jesus. And Paul said for this cause I bow my knees unto the Father of the Lord Jesus. We bow our knees to the Father. You Israel and Ghana you are together forever. Nothing can separate you. Our leaders will get hungry for Jesus.

Nothing shall separate us in the mighty name of Jesus. Arise O Lord and let your enemies be scattered. And let the first fruit of the sun and moon be released into their relationship. We declare the new moon to divide the portion of these nations and every nation in Africa. As the Word says day unto day they utter speech. O sun may this speech you will utter. We write the speech for you now from today to the end of this year, this is the speech you shall be uttering day by day in the hearing of all creation. That the power to make wealth that was given to the Jew is extended to us.

We shall not be greedy. We shall love one another. Fear of God shall rule and reign. The water of strife shall not flow thru this land. But all waters of life shall flow. The throne of this nation is forever disconnected from the throne of the queen of heaven and connected to the throne of David, the throne of grace. With the key of David we officially declare the highway between Israel and Ghana, from Ghana to Israel is hereby open.

We open it. We shut the gates of this nation to the Giza, in the name of Jesus.

PS AYIVOR

Psalm 42:7 says deep calleth unto deep. These waves are generated from wind passing over the surface of the water. They make noise every day - every moment of the day. Our altars wherever they are we need to renew them and revive them. God has created a condition which we can now employ into action. We now want to give work to the sea to do now. So we say that whatever we have pronounced here, whatever declaration has been made here, the words prayed into the air they will remain and every day, every moment these waves will not stop. God has given them a limit. We put them on duty. Each time you are represented here. Each time I am represented here. The sun is a witness now and it is governing the day it is a witness to what we are doing. The moon has just risen, fresh and new, baby moon. Everything is new. Eyes can see, ears can hear. It is very fresh. The moon is fresh. We impregnate it in the name of Jesus. It means Logos-Rhema is represented, your families are represented, your nation is represented here.

This day after you have entered into the covenant with God, it is the covenant with the day. It is also covenant with the night. This is the reason why day and night the sea will speak on this altar concerning us. The waves will rise. As they remain in action and motion perpetually, this covenant cannot be broken. So Father as we pour this oil on this ground we fasten every single word that has been spoken even the words spoken in the night and the ones in the day, the ones that are being spoken in this gathering over which the sun is governing and the ones that will be spoken in the night those words remain.

As a foundation from here these words will spring forth to the east, north, west, south and through that stone behind us which is the entry into the gates of time, permanently. We thank you father that this highway is opened. This is the season for it.

Africa shall arise because of this. Therefore Father arise and let your enemies be scattered in the name of Jesus. We exalt you. We magnify you in the name of Jesus Christ. Lord this union is sealed in the blood of Jesus.

May an embassy be opened between Ghana and Israel. Angels of The Lord we leave this place under your care. Let them confront any enemy in battle. Let every disrupting altar, every attraction that will become a distraction let them all cease to operate.

Prophetic action was done.

Revelations and visions were shared. (Bro Eddy)

When we were praying especially when we were praying about the Light of God, I saw two waters flowing together. Eventually the clean water would overpower the dirty water. Anyone who will avail himself to be a channel of water of strife will find himself in trouble. Apart from that any of us in our work places, wherever we are, we will see any strife against you will cease.

The next thing I saw was a white horse coming out of where the stone is. It was being washed so when it came out of that place it shook itself off. I asked what that meant God said that is the sign of the victory. But notice, victory will not come when there is no battle. So the battle has just begun.

It means we should continue to keep the altar we have raised at the new moon. Pray at the new moon and keep praying. Hosea 5.7 says they give birth to illegitimate children so God caused the new moon to devour their portion. So if we do not keep the prayer at new moon God will cause our portion to be devoured.

God said 7 ladies are delayed in time for marriage but they are being pushed to catch up. Amen

Vision 2:

'Somewhere into the prayer while we were praying The Lord told me that there were arrows being fired but He had created a shield. When arrows came they hit the shield and then they went back. It did not end there. He says because the arrows came into contact with the shield they were reconfigured and had a rebound effect on those who threw those arrows. So when Bro Eddy was talking about the battle know that the battle has begun it means we must operate within the bounds of the shield. It's very important. That is what I saw. Amen.'

After the corporate prophetic prayer people went to do their own individual prophetic action at the timeline as the LORD gave them guidance.

Benediction and anointing with oil.

End

Shalom.
